Representative Morris moved the adoption of amendment (712):

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 1.** It is the intent of the legislature to make efforts so that all parts of Washington can access economic opportunity. Natural gas is an abundant and domestically produced energy. The plentiful supply of natural gas has decreased the price of this energy resource. Natural gas is the cleanest of the carbon emitting fuels as reflected in chapter 80.80 RCW relating to Washington's greenhouse gas emissions performance standard for new electrical generation. Washington is well-situated to take advantage of natural gas to achieve its policy objectives including economic development and improving environmental conditions.

Many rural and urban areas of Washington do not have the infrastructure necessary to access this low-cost energy resource. It is the intent of the legislature to provide mechanisms to ensure that as many parts of the state as possible have the economic opportunity to utilize natural gas as an energy resource to power businesses and heat homes. In particular, this economic opportunity should be focused on displacing other fuel types that cause harm to state resident's health in the form of pollution.

**NEW SECTION. Sec. 2.** A new section is added to chapter 80.28 RCW to read as follows:

(1) The commission shall conduct a process that allows customers and utilities to bring forth innovative proposals for the financing and building of natural gas infrastructure. The goals of these innovative proposals are to:

(a) Develop and implement alternatives to general rate case proceedings that will cause the extension or expansion of natural gas infrastructure to occur in order to serve some citizens of Washington. In particular, the commission must pursue alternatives that facilitate the extension or expansion of natural gas infrastructure to rural areas or urban areas referred to as donut holes that have insufficient or no access to natural gas as an energy resource;

(b) Extend natural gas services to areas where woodstoves provide the primary source of residential heating;

(c) Encourage the development of industrial land that lacks natural gas distribution infrastructure; and

(d) Allow gas companies to recover the capital costs of the infrastructure over the life-cycle of that infrastructure while mitigating the risk of stranded assets.

(2) For the purpose of this section, a "donut hole" means an area within a utility's service territory that was underdeveloped when the natural gas system was built out. The previously underdeveloped area now includes homes, businesses, and institutional and industrial facilities that could use natural gas, but does not have access to natural gas services.

**NEW SECTION. Sec. 3.** A new section is added to chapter 80.28 RCW to read as follows:

(1) By July 1, 2015, the commission shall adopt rules that promote incremental investments in natural gas infrastructure expansions that by December 1, 2025:

(a) Result in the residential conversion from wood or oil-fired boilers for space heating to natural gas, and the conversion from hog fuel and bunker fuel used in industrial processes to natural gas;

(b) Produce two hundred fifty million dollars in pipeline expansion over a ten-year period, starting in 2015; and

(c) Result in fifty thousand residential natural gas conversions that currently use wood or oil-fired boilers for space heating over a ten-year period, starting in 2015.

(2) The progress towards meeting the milestones in subsection (1) of this section must be measured by the commission and reported electronically to the committees of the senate and house of representatives with jurisdiction over energy policy by the commission every four years by December 1st until 2025 using econometric modeling software produced by regional economic models incorporated. If reasonable progress is not being made towards these goals every four years, the legislature shall make adjustments to reach the policy milestones or adjust the milestone goals themselves.

**NEW SECTION. Sec. 4.** A new section is added to chapter 80.28 RCW to read as follows:

(1) Each natural gas main extension tariff of a gas company must include the following provisions:

(a) A maximum footage and equipment allowance provided by the gas company at no charge to the applicant. The maximum footage and equipment allowance may be differentiated by customer class;

(b) An economic feasibility analysis for those extensions that exceed the maximum footage and equipment allowance prepared by the gas company and provided to an applicant. The economic feasibility analysis must consider the incremental revenues and costs associated with the main extension. In those instances where the requested main extension does not meet the economic feasibility criteria established by the gas company, the gas company may require the customer to provide funds to the gas company, which will make the main extension economically feasible. The methodology employed by the gas company in determining economic feasibility must be applied uniformly and consistently to each applicant requiring a main extension;

(c) The timing and methodology by which the gas company will refund any advances for construction as additional customers are served off the main extension. The customer may request an annual survey to determine if additional customers have been connected to and are using service from the extension. In no case may the amount of the refund exceed the amount originally advanced;

(d) That all advances for construction be noninterest bearing; and

(e) That a customer is eligible to receive refunds on an advance for construction throughout the service life of the main extension.

(2) The definitions in this subsection apply throughout this section unless the context clearly requires otherwise.

(a) "Advance for construction" means the money provided to the natural gas company by the applicant under the terms of a main extension agreement the value of which may be refundable.

(b) "Main extension" means the lines and equipment necessary to extend the existing gas distribution system to provide service to additional customers."

With the consent of the house, amendments (680) and (681) were withdrawn.

Representative Appleton moved the adoption of the striking amendment (653):

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 1.** This section is the tax preference performance statement for the tax preference contained in section 5 of this act. This performance statement is only intended to be used for subsequent evaluation of the tax preference. It is not intended to create a private right of action by any party or be used to determine eligibility for preferential tax treatment.

(1) The legislature categorizes this tax preference as one intended to create jobs and improve the economic health of tribal communities as indicated in RCW 82.32.808(2) (c) and (f).

(2) It is the legislature's specific public policy objective to create jobs and improve the economic health of tribal communities. It is the legislature's intent to exempt property used by federally recognized Indian tribes for economic development purposes, in order to achieve these policy objectives.

(3) The joint legislative audit and review committee must perform an economic impact report to the legislature as required in section 10 of this act to provide the information necessary to measure the effectiveness of this act.

**Sec. 2.** RCW 82.29A.010 and 2010 c 281 s 2 are each amended to read as follows:

(1)(a) The legislature hereby recognizes that properties of the state of Washington, counties, school districts, and other municipal corporations are exempted by Article 7, section 1 of the state Constitution from property tax obligations, but that private lessees of such public properties receive substantial benefits from governmental services provided by units of government.

(b) The legislature further recognizes that a uniform method of taxation should apply to such leasehold interests in publicly owned property.

(c) The legislature finds that lessees of publicly owned property or community centers are entitled to those same governmental services and does hereby provide for a leasehold excise tax to fairly compensate governmental units for services rendered to such lessees of publicly owned property or community centers. For the purposes of this subsection, "community center" has the same meaning as provided in RCW 84.36.010.

(d) The legislature also finds that eliminating the property tax on property owned exclusively by federally recognized Indian tribes within the state requires that the leasehold excise tax also be applied to leasehold interests on tribally owned property.

(2) The legislature further finds that experience gained by lessors, lessees, and the department of revenue since enactment of the leasehold excise tax under this chapter has shed light on areas in the leasehold excise statutes that need explanation and clarification. The purpose of chapter 220, Laws of 1999 is to make those changes.

**Sec. 3.** RCW 82.29A.020 and 2012 2nd sp.s. c 6 s 501 are each amended to read as follows:

The definitions in this section apply throughout this chapter unless the context requires otherwise.

(1)(a) "Leasehold interest" means an interest in publicly owned real or personal property which exists by virtue of any lease, permit, license, or any other agreement, written or verbal, between the public owner of the property and a person who would not be exempt from property taxes if that person owned the property in fee, granting possession and use, to a degree less than fee simple ownership. However, no interest in personal property (excluding land or buildings) which is owned by the United States, whether or not as trustee, or by any foreign government may constitute a leasehold interest hereunder when the right to use such property is granted pursuant to a contract solely for the manufacture or production of articles for sale to the United States or any foreign government. The term "leasehold interest" includes the rights of use or occupancy by others of property which is owned in fee or held in trust by a public corporation, commission, or authority created under RCW 35.21.730 or 35.21.660 if the property is listed on or is within a district listed on any federal or state register of historical sites.

(b) The term "leasehold interest" does not include:

(i) Road or utility easements, rights of access, occupancy, or use granted solely for the purpose of removing materials or products purchased from a public owner or the lessee of a public owner, or rights of access, occupancy, or use granted solely for the purpose of natural energy resource exploration~~(—"Leasehold interest" does not~~

~~include));~~ or

(ii) The preferential use of publicly owned cargo cranes and docks and associated areas used in the loading and discharging of cargo located at a port district marine facility. "Preferential use" means that publicly owned real or personal property is used by a private party under a written agreement with the public owner, but the public owner or any third party maintains a right to use the property when not being used by the private party.

(c) "Publicly owned real or personal property" includes real or personal property owned by a federally recognized Indian tribe in the state and exempt from tax under RCW 84.36.010.

(2)(a) "Taxable rent" means contract rent as defined in (c) of this subsection in all cases where the lease or agreement has been established or renegotiated through competitive bidding, or negotiated or renegotiated in accordance with statutory requirements regarding the rent payable, or negotiated or renegotiated under circumstances, established by public record, clearly showing that the contract rent was the maximum attainable by the lessor. However, after January 1, 1986, with respect to any lease which has been in effect for ten years or more without renegotiation, taxable rent may be established by procedures set forth in (g) of this subsection. All other leasehold interests are subject to the determination of taxable rent under the terms of (g) of this subsection.

(b) For purposes of determining leasehold excise tax on any lands on the Hanford reservation subleased to a private or public entity by the department of ecology, taxable rent includes only the annual cash rental payment made by such entity to the department of ecology as specifically referred to as rent in the sublease agreement between the parties and does not include any other fees, assessments, or charges imposed on or collected by such entity irrespective of whether the private or public entity pays or collects those fees, assessments, or charges as specified in the sublease agreement.

(c) "Contract rent" means the amount of consideration due as payment for a leasehold interest, including: The total of cash payments made to the lessor or to another party for the benefit of the lessor according to the requirements of the lease or agreement, including any rents paid by a sublessee; expenditures for the protection of the lessor's interest when required by the terms of the lease or agreement; and expenditures for improvements to the property to the extent that such improvements become the property of the lessor. Where the consideration conveyed for the leasehold interest is made in combination with payment for concession or other rights granted by the lessor, only that portion of such payment which represents consideration for the leasehold interest is part of contract rent.

(d) "Contract rent" does not include: (i) Expenditures made by the lessee, which under the terms of the lease or agreement, are to be reimbursed by the lessor to the lessee or expenditures for improvements and protection made pursuant to a lease or an agreement which requires that the use of the improved property be open to the general public and that no profit will inure to the lessee from the lease; (ii) expenditures made by the lessee for the replacement or repair of facilities due to fire or other casualty including payments for insurance to provide reimbursement for losses or payments to a public or private entity for protection of such property from damage or loss or for alterations or additions made necessary by an action of government taken after the date of the execution of the lease or agreement; (iii) improvements added to publicly owned property by a sublessee under an agreement executed prior to January 1, 1976, which have been taxed as personal property of the sublessee prior to January 1, 1976, or improvements made by a sublessee of the same lessee under a similar agreement executed prior to January 1, 1976, and such improvements are taxable to the sublessee as personal property; (iv) improvements added to publicly owned property if such improvements are being taxed as personal property to any person.

(e) Any prepaid contract rent is considered to have been paid in the year due and not in the year actually paid with respect to prepayment for a period of more than one year. Expenditures for improvements with a useful life of more than one year which are included as part of contract rent must be treated as prepaid contract rent and prorated over the useful life of the improvement or the remaining term of the lease or agreement if the useful life is in excess of the remaining term of the lease or agreement. Rent prepaid prior to January 1, 1976, must be prorated from the date of prepayment.

(f) With respect to a "product lease", the value is that value determined at the time of sale under terms of the lease.

(g) If it is determined by the department of revenue, upon examination of a lessee's accounts or those of a lessor of publicly owned property, that a lessee is occupying or using publicly owned property in such a manner as to create a leasehold interest and that such leasehold interest has not been established through competitive bidding, or negotiated in accordance with statutory requirements regarding the rent payable, or negotiated under circumstances, established by public record, clearly showing that the contract rent was the maximum attainable by the lessor, the department may establish a taxable rent computation for use in determining the tax payable under authority granted in this chapter based upon the following criteria: (i) Consideration must be given to rental being paid to other lessors by lessees of similar property for similar purposes over similar periods of time; (ii) consideration must be given to what would be considered a fair rate of return on the market value of the property leased less reasonable deductions for any restrictions on use, special operating requirements or provisions for concurrent use by the lessor, another person or the general public.

(3) "Product lease" as used in this chapter means a lease of property for use in the production of agricultural or marine products to the extent that such lease provides for the contract rent to be paid by the delivery of a stated percentage of the production of such agricultural or marine products to the credit of the lessor or the payment to the lessor of a stated percentage of the proceeds from the sale of such products.

(4) "Renegotiated" means a change in the lease agreement which changes the agreed time of possession, restrictions on use, the rate of the cash rental or of any other consideration payable by the lessee to or for the benefit of the lessor, other than any such change required by the terms of the lease or agreement. In addition "renegotiated" means a continuation of possession by the lessee beyond the date when, under the terms of the lease agreement, the lessee had the right to vacate the premises without any further liability to the lessor.

(5) "City" means any city or town.

(6) "Products" includes natural resource products such as cut or picked evergreen foliage, Cascara bark, wild edible mushrooms, native ornamental trees and shrubs, ore and minerals, natural gas, geothermal water and steam, and forage removed through the grazing of livestock.

**Sec. 4.** RCW 82.29A.050 and 1992 c 206 s 6 are each amended to read as follows:

(1) The leasehold excise taxes provided for in RCW 82.29A.030 and 82.29A.040 ~~((shall))~~ must be paid by the lessee to the lessor and the lessor ~~((shall))~~ must collect such tax and remit the same to the department ~~((of revenue))~~. The tax ~~((shall))~~ must be payable at the same time as payments are due to the lessor for use of the property from which the leasehold interest arises, and in the case of payment of contract rent to a person other than the lessor, at the time of payment. The tax payment ~~((shall))~~ must be accompanied by such information as the department ~~((of revenue))~~ may require. In the case of prepaid contract rent the payment may be prorated in accordance with instructions of the department ~~((of revenue))~~ and the prorated portion of the tax ~~((shall be))~~ is due, one-half not later than May 31<sup>st</sup> and the other half not later than November 30<sup>th</sup> each year.

(2) The lessor receiving taxes payable under the provisions of this chapter ~~((shall))~~ must remit the same together with a return provided by the department, to the department of revenue on or before the last day of the month following the month in which the tax is collected. The department may relieve any taxpayer or class of taxpayers from the obligation of filing monthly returns and may require the return to cover other reporting periods, but in no event ~~((shall))~~ may returns be filed for a period greater than one year. The lessor ~~((shall be))~~ is fully liable for collection and remittance of the tax. The amount of tax until paid by the lessee to the lessor ~~((shall))~~ constitutes a debt from the lessee to the lessor. The tax required by this chapter ~~((shall))~~ must be stated separately from contract rent, and if not so separately stated for purposes of determining the tax due from the lessee to the lessor and from the lessor to the department, the contract rent does not include the tax imposed by this chapter. Where a lessee has failed to pay to the lessor the tax imposed by this chapter and the lessor has not paid the amount of the tax to the department, the department may, in its discretion, proceed directly against the lessee for collection of the tax ~~((= PROVIDED, That))~~. However, taxes due where contract rent has not been paid ~~((shall))~~ must be reported by the lessor to the department and the lessee alone ~~((shall be))~~ is liable for payment of the tax to the department.

(3) Each person having a leasehold interest subject to the tax provided for in this chapter arising out of a lease of federally owned or federal trust lands ~~((shall))~~, or property owned by a federally recognized Indian tribe in the state and exempt from tax under RCW 84.36.010, must report and remit the tax due directly to the department of revenue in the same manner and at the same time as the lessor would be required to report and remit the tax if such lessor were a state public entity.

**Sec. 5.** RCW 84.36.010 and 2010 c 281 s 1 are each amended to read as follows:

(1) All property belonging exclusively to the United States, the state, or any county or municipal corporation; all property belonging exclusively to any federally recognized Indian tribe, if (a) the tribe is located in the state, ((if that)) and (b) the property is used exclusively for essential government services; all state route number 16 corridor transportation systems and facilities constructed under chapter 47.46 RCW; all property under a financing contract pursuant to chapter 39.94 RCW or recorded agreement granting immediate possession and use to the public bodies listed in this section or under an order of immediate possession and use pursuant to RCW 8.04.090; and, for a period of forty years from acquisition, all property of a community center; is exempt from taxation. All property belonging exclusively to a foreign national government is exempt from taxation if that property is used exclusively as an office or residence for a consul or other official representative of the foreign national government, and if the consul or other official representative is a citizen of that foreign nation.

(2) For the purposes of this section the following definitions apply unless the context clearly requires otherwise.

(a) "Community center" means property, including a building or buildings, determined to be surplus to the needs of a district by a local school board, and purchased or acquired by a nonprofit organization for the purposes of converting them into community facilities for the delivery of nonresidential coordinated services for community members. The community center may make space available to businesses, individuals, or other parties through the loan or rental of space in or on the property.

(b) "Essential government services" means services such as tribal administration, public facilities, fire, police, public health, education, sewer, water, environmental and land use, transportation, ~~((and))~~ utility services, and economic development.

(c) "Economic development" means commercial activities, including those that facilitate the creation or retention of businesses or jobs, or

that improve the standard of living or economic health of tribal communities.

**Sec. 6.** RCW 84.36.451 and 2001 c 26 s 2 are each amended to read as follows:

(1) The following property (~~(shall be)~~) is exempt from taxation: Any and all rights to occupy or use any real or personal property owned in fee or held in trust by:

(a) The United States, the state of Washington, or any political subdivision or municipal corporation of the state of Washington, or a federally recognized Indian tribe for property exempt under RCW 84.36.010; or

(b) A public corporation, commission, or authority created under RCW 35.21.730 or 35.21.660 if the property is listed on or is within a district listed on any federal or state register of historical sites; and

(c) (~~(Including)~~) Any leasehold interest arising from the property identified in (a) and (b) of this subsection as defined in RCW 82.29A.020.

(2) The exemption under this section (~~(shall)~~) does not apply to:

(b) Any such leasehold interest consisting of three thousand or more residential and recreational lots that are or may be subleased for residential and recreational purposes.

(3) The exemption under this section (~~(shall)~~) may not be construed to modify the provisions of RCW 84.40.230.

**Sec. 7.** RCW 84.40.230 and 1994 c 124 s 25 are each amended to read as follows:

When any real property is sold on contract by the United States of America, the state, (~~(or)~~) any county or municipality, or any federally recognized Indian tribe, and the contract expresses or implies that the vendee is entitled to the possession, use, benefits and profits thereof and therefrom so long as the vendee complies with the terms of the contract, it (~~(shall be)~~) is deemed that the vendor retains title merely as security for the fulfillment of the contract, and the property (~~(shall)~~) must be assessed and taxed in the same manner as other similar property in private ownership is taxed, and the tax roll (~~(shall)~~) must contain, opposite the description of the property so assessed the following notation: "Subject to title remaining in the vendor" or other notation of similar significance. No foreclosure for delinquent taxes nor any deed issued pursuant thereto (~~(shall)~~) may extinguish or otherwise affect the title of the vendor. In any case under former law where the contract and not the property was taxed no deed of the property described in such contract (~~(shall)~~) may ever be executed and delivered by the state or any county or municipality until all taxes assessed against such contract and local assessments assessed against the land described thereon are fully paid.

**NEW SECTION. Sec. 8.** A new section is added to chapter 82.29A RCW to read as follows:

(1) Property owned exclusively by a federally recognized Indian tribe that is exempt from property tax under RCW 84.36.010 is subject to payment in lieu of leasehold excise taxes, if:

(a) The tax exempt property is used exclusively for economic development, as defined in RCW 84.36.010;

(b) There is no taxable leasehold interest in the tax exempt property;

(c) The property is located outside of the tribe's reservation; and

(d) The property is not otherwise exempt from taxation by federal law.

(2) The amount of the payment in lieu of leasehold excise taxes must be determined jointly and in good faith negotiation between the tribe that owns the property and the county in which the property is located. However, the amount may not exceed the leasehold excise tax amount that would otherwise be owed by a taxable leasehold interest in the property.

(3) Payment must be made by the tribe to the county. The county treasurer must distribute all such money collected solely to the local taxing districts, including cities, in the same proportion that each local taxing district would have shared if a leasehold excise tax had been levied.

**NEW SECTION. Sec. 9.** A new section is added to chapter 52.30 RCW to read as follows:

(1) When exempt tribal property is located within the boundaries of a fire protection district or a regional fire protection service authority, the fire protection district or authority is authorized to contract with the tribe for compensation for providing fire protection services in an amount and under such terms as are mutually agreed upon by the fire protection district or authority and the tribe.

(2) The definitions in this subsection apply throughout this section unless the context clearly requires otherwise.

(a) "Exempt tribal property" means property that is owned exclusively by a federally recognized Indian tribe and that is exempt from taxation under RCW 84.36.010.

(b) "Regional fire protection service authority" or "authority" has the same meaning as provided in RCW 52.26.020.

**NEW SECTION. Sec. 10.** A new section is added to chapter 43.136 RCW to read as follows:

By December 1, 2020, and in compliance with RCW 43.01.036, the joint legislative audit and review committee must provide an economic impact report to the legislature evaluating the impacts of changes made in this act regarding the leasehold tax and property tax treatment of property owned by a federally recognized Indian tribe. The economic impact report must indicate: The number of parcels and uses of land involved; the economic impacts to tribal governments; state and local government revenue reductions, increases, and shifts from all tax sources affected; impacts on public infrastructure and public services; impacts on business investment and business competition; a description of the types of business activities affected; impacts on the number of jobs created or lost; and any other data the joint legislative audit and review committee deems necessary in determining the economic impacts of this act.

**NEW SECTION. Sec. 11.** If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

**NEW SECTION. Sec. 12.** This act takes effect January 1, 2015.

Strike everything after the enacting clause and insert the following:

"**Sec. 1.** RCW 13.34.138 and 2009 c 520 s 29 are each amended to read as follows:

(1) The status of all children found to be dependent shall be reviewed by the court at least every six months from the beginning date of the placement episode or the date dependency is established, whichever is first. The purpose of the hearing shall be to review the progress of the parties and determine whether court supervision should continue.

(a) The initial review hearing shall be an in-court review and shall be set six months from the beginning date of the placement episode or no more than ninety days from the entry of the disposition order, whichever comes first. The requirements for the initial review hearing, including the in-court review requirement, shall be accomplished within existing resources.

(b) The initial review hearing may be a permanency planning hearing when necessary to meet the time frames set forth in RCW 13.34.145(1)(a) or 13.34.134.

(2)(a) A child shall not be returned home at the review hearing unless the court finds that a reason for removal as set forth in RCW 13.34.130 no longer exists. The parents, guardian, or legal custodian shall report to the court the efforts they have made to correct the conditions which led to removal. If a child is returned, casework supervision by the supervising agency or department shall continue for a period of six months, at which time there shall be a hearing on the need for continued intervention.

(b) Prior to the child returning home, the department or supervising agency must complete the following:

(i) Identify all adults residing in the home and conduct background checks on those persons;

(ii) Identify any persons who may act as a caregiver for the child in addition to the parent with whom the child is being placed and determine whether such persons are in need of any services in order to ensure the safety of the child, regardless of whether such persons are a party to the dependency. The department or supervising agency may

recommend to the court and the court may order that placement of the child in the parent's home be contingent on or delayed based on the need for such persons to engage in or complete services to ensure the safety of the child prior to placement. If services are recommended for the caregiver, and the caregiver fails to engage in or follow through with the recommended services, the department or supervising agency must promptly notify the court; and

(iii) Notify the parent with whom the child is being placed that he or she has an ongoing duty to notify the department or supervising agency of all persons who reside in the home or who may act as a caregiver for the child both prior to the placement of the child in the home and subsequent to the placement of the child in the home as long as the court retains jurisdiction of the dependency proceeding or the department is providing or monitoring either remedial services to the parent or services to ensure the safety of the child to any caregivers.

Caregivers may be required to engage in services under this subsection solely for the purpose of ensuring the present and future safety of a child who is a ward of the court. This subsection does not grant party status to any individual not already a party to the dependency proceeding, create an entitlement to services or a duty on the part of the department or supervising agency to provide services, or create judicial authority to order the provision of services to any person other than for the express purposes of this section or RCW 13.34.025 or if the services are unavailable or unsuitable or the person is not eligible for such services.

(c) If the child is not returned home, the court shall establish in writing:

(i) Whether the supervising agency or the department is making reasonable efforts to provide services to the family and eliminate the need for placement of the child. If additional services, including housing assistance, are needed to facilitate the return of the child to the child's parents, the court shall order that reasonable services be offered specifying such services;

(ii) Whether there has been compliance with the case plan by the child, the child's parents, and the agency supervising the placement;

(iii) Whether progress has been made toward correcting the problems that necessitated the child's placement in out-of-home care;

(iv) Whether the services set forth in the case plan and the responsibilities of the parties need to be clarified or modified due to the availability of additional information or changed circumstances;

(v) Whether there is a continuing need for placement;

(vi) Whether a parent's homelessness or lack of suitable housing is a significant factor delaying permanency for the child by preventing the return of the child to the home of the child's parent and whether housing assistance should be provided by the department or supervising agency;

(vii) Whether the child is in an appropriate placement which adequately meets all physical, emotional, and educational needs;

(viii) Whether preference has been given to placement with the child's relatives if such placement is in the child's best interests;

(ix) Whether both in-state and, where appropriate, out-of-state placements have been considered;

(x) Whether the parents have visited the child and any reasons why visitation has not occurred or has been infrequent;

(xi) Whether terms of visitation need to be modified;

(xii) Whether the court-approved long-term permanent plan for the child remains the best plan for the child;

(xiii) Whether any additional court orders need to be made to move the case toward permanency; and

(xiv) The projected date by which the child will be returned home or other permanent plan of care will be implemented.

(d) The court at the review hearing may order that a petition seeking termination of the parent and child relationship be filed. If the court determines that the child has been in out-of-home care for at least twelve consecutive months following the filing of a dependency

petition and the parents have been non-compliant with court-ordered services and have made no progress towards correcting parental deficiencies, the court shall order that a petition seeking termination of parent and child relationship be filed unless the court makes a good cause exception based on the factors described in RCW 13.34.145.

(3)(a) In any case in which the court orders that a dependent child may be returned to or remain in the child's home, the in-home placement shall be contingent upon the following:

(i) The compliance of the parents with court orders related to the care and supervision of the child, including compliance with the supervising agency's case plan; and

(ii) The continued participation of the parents, if applicable, in available substance abuse or mental health treatment if substance abuse or mental illness was a contributing factor to the removal of the child.

(b) The following may be grounds for removal of the child from the home, subject to review by the court:

(i) Noncompliance by the parents with the department's or supervising agency's case plan or court order;

(ii) The parent's inability, unwillingness, or failure to participate in available services or treatment for themselves or the child, including substance abuse treatment if a parent's substance abuse was a contributing factor to the abuse or neglect; or

(iii) The failure of the parents to successfully and substantially complete available services or treatment for themselves or the child, including substance abuse treatment if a parent's substance abuse was a contributing factor to the abuse or neglect.

(c) In a pending dependency case in which the court orders that a dependent child may be returned home and that child is later removed from the home, the court shall hold a review hearing within thirty days from the date of removal to determine whether the permanency plan should be changed, a termination petition should be filed, or other action is warranted. The best interests of the child shall be the court's primary consideration in the review hearing.

(4) The court's authority to order housing assistance under this chapter is: (a) Limited to cases in which a parent's homelessness or lack of suitable housing is a significant factor delaying permanency for the child and housing assistance would aid the parent in providing an appropriate home for the child; and (b) subject to the availability of funds appropriated for this specific purpose. Nothing in this chapter shall be construed to create an entitlement to housing assistance nor to create judicial authority to order the provision of such assistance to any person or family if the assistance or funding are unavailable or the child or family are not eligible for such assistance.

(5) The court shall consider the child's relationship with siblings in accordance with RCW 13.34.130(~~(3)~~)(6)." Correct the title.
