This chapter provides public benefit hospital entities with the exclusive source of authority to jointly self-insure property and liability risks,

jointly purchase insurance or reinsurance, and to contract for risk management, claims, and administrative services with other public benefit hospital entities, except as otherwise provided in this chapter. This chapter must be liberally construed to grant public benefit hospital entities maximum flexibility in jointly self-insuring to the extent the self-insurance programs are operated in a safe and sound manner. This chapter is intended to require prior approval for the establishment of every joint self-insurance program. In addition, this chapter is intended to require every joint self-insurance program for public benefit hospital entities established under this chapter to notify the state of the existence of the program and to comply with the regulatory and statutory standards governing the management and operation of the programs as provided in this chapter. This chapter is not intended to authorize or regulate self-insurance of unemployment compensation under chapter 50.44 RCW or industrial insurance under chapter 51.14 RCW.

NEW SECTION. Sec. 2. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Hospital services" means clinically related (i.e., preventive, diagnostic, curative, rehabilitative, or palliative) services provided in a hospital setting.

(2) "Property and liability risks" include the risk of property damage or loss sustained by a public benefit hospital entity and the risk of claims arising from the tortious or negligent conduct or any error or omission of the entity, its officers, employees, agents, or volunteers as a result of which a claim may be made against the entity.

(3) "Public benefit hospital entity" means any of the following:

(a) A public hospital district organized under the laws of this state or another state and any agency or instrumentality of a public hospital district including, but not limited to, a legal entity created to conduct a joint self-insurance program for public hospital districts that is operating in accordance with chapter 48.62 RCW; or

(b) A nonprofit corporation, whether organized under the laws of this state or another state, that meets the following requirements:

(i) The nonprofit corporation operates one or more hospitals each of which is licensed for three hundred sixty or fewer beds by the department of health pursuant to chapter 70.41 RCW; and

(ii) The nonprofit corporation is engaged in providing hospital services.

(4) "Self-insurance" means a formal program of advance funding and management of entity financial exposure to a risk of loss that is not transferred through the purchase of an insurance policy or contract.

(5) "State risk manager" means the risk manager of the office of risk management within the department of enterprise services.

NEW SECTION. Sec. 3. (1) The governing body of a public benefit hospital entity may join or form a self-insurance program together with one or more other public benefit hospital entities, and may jointly purchase insurance or reinsurance with one or more other public benefit hospital entities for property and liability risks only as permitted under this chapter. Public benefit hospital entities may contract for or hire personnel to provide risk management, claims, and administrative services in accordance with this chapter.

(2) The agreement to form a joint self-insurance program may include the organization of a separate legal or administrative entity with powers delegated to the entity.

(3) If provided for in the organizational documents, a joint self-insurance program may, in conformance with this chapter:

(a) Contract or otherwise provide for risk management and loss control services;

(b) Contract or otherwise provide legal counsel for the defense of claims and other legal services;

(c) Consult with the state insurance commissioner and the state risk manager;

(d) Jointly purchase insurance and reinsurance coverage in a form and amount as provided for in the organizational documents;

(e) Obligate the program's participants to pledge revenues or contribute money to secure the obligations or pay the expenses of the program, including the establishment of a reserve or fund for coverage; and

(f) Possess any other powers and perform all other functions reasonably necessary to carry out the purposes of this chapter.

(4) Every joint self-insurance program governed by this chapter must appoint the state risk manager as its attorney to receive service of, and upon whom must be served, all legal process issued against the program in this state upon causes of action arising in this state.

(a) Service upon the state risk manager as attorney constitutes service upon the program. Service upon joint self-insurance programs subject to this chapter may only occur by service upon the state risk manager. At the time of service, the plaintiff shall pay to the state risk manager a fee to be set by the state risk manager, taxable as costs in the action.

(b) With the initial filing for approval with the state risk manager, each joint self-insurance program must designate by name and address the person to whom the state risk manager must forward legal process that is served upon him or her. The joint self-insurance program may change this person by filing a new designation.

(c) The appointment of the state risk manager as attorney is irrevocable, binds any successor in interest or to the assets or liabilities of the joint self-insurance program, and remains in effect as long as there is in force in this state any contract made by the joint self-insurance program or liabilities or duties arising from the contract.

(d) The state risk manager shall keep a record of the day and hour of service upon him or her of all legal process. A copy of the process, by registered mail with return receipt requested, must be sent by the state risk manager to the person designated to receive legal process by the joint self-insurance program in its most recent designation filed with the state risk manager. Proceedings must not commence against the joint self-insurance program, and the program must not be required to appear, plead, or answer, until the expiration of forty days after the date of service upon the state risk manager.

NEW SECTION. **Sec. 4.** This chapter does not apply to a public benefit hospital entity that:

(1) Individually self-insures for property and liability risks; or

(2) Participates in a risk pooling arrangement, including a risk retention group or a risk purchasing group, regulated under chapter 48.92 RCW, is a captive insurer authorized in its state of domicile, or participates in a local government risk pool formed under chapter 48.62 RCW.

NEW SECTION. **Sec. 5.** The state risk manager shall adopt rules governing the management and operation of joint self-insurance programs for public benefit hospital entities that cover property or liability risks. All rules must be appropriate for the type of program and class of risk covered. The state risk manager's rules must include:

(1) Standards for the management, operation, and solvency of joint self-insurance programs, including the necessity and frequency of actuarial analyses and claims audits;

(2) Standards for claims management procedures;

(3) Standards for contracts between joint self-insurance programs and private businesses, including standards for contracts between third-party administrators and programs; and

(4) Standards that preclude public hospital districts or other public entities participating in the joint self-insurance program from subsidizing, regardless of the form of subsidy, public benefit hospital entities that are not public hospital districts or public entities. These standards do not apply to the consideration attributable to the ownership interest of a public hospital district or other public entity in a separate legal or administrative entity organized with respect to the program.

NEW SECTION. **Sec. 6.** Before the establishment of a joint self-insurance program covering property or liability risks by public benefit hospital entities, the entities must obtain the approval of the state risk manager. The entities proposing the creation of a joint self-insurance program requiring prior approval shall submit a plan of management and operation to the state risk manager that provides at least the following information:

(1) The risk or risks to be covered, including any coverage definitions, terms, conditions, and limitations;

(2) The amount and method of funding the covered risks, including the initial capital and proposed rates and projected premiums;

(3) The proposed claim reserving practices;

(4) The proposed purchase and maintenance of insurance or reinsurance in excess of the amounts retained by the joint self-insurance program;

(5) The legal form of the program including, but not limited to, any articles of incorporation, bylaws, charter, or trust agreement or other agreement among the participating entities;

(6) The agreements with participants in the program defining the responsibilities and benefits of each participant and management;

(7) The proposed accounting, depositing, and investment practices of the program;

(8) The proposed time when actuarial analysis will be first conducted and the frequency of future actuarial analysis;

(9) A designation of the individual to whom service of process must be forwarded by the state risk manager on behalf of the program;

(10) All contracts between the program and private persons providing risk management, claims, or other administrative services;

(11) A professional analysis of the feasibility of the creation and maintenance of the program;

(12) A legal determination of the potential federal and state tax liabilities of the program; and

(13) Any other information required by rule of the state risk manager that is necessary to determine the probable financial and management success of the program or that is necessary to determine compliance with this chapter.

NEW SECTION. Sec. 7. A public benefit hospital entity may participate in a joint self-insurance program covering property or liability risks with similar public benefit hospital entities from other states if the program satisfies the following requirements:

(1) An ownership interest in the program is limited to some or all of the

public benefit hospital entities of this state and public benefit hospital entities of other states that are provided insurance by the program;

(2) The participating public benefit hospital entities of this state and other states shall elect a board of directors to manage the program, a majority of whom must be affiliated with one or more of the participating public benefit hospital entities;

(3) The program must provide coverage through the delivery to each participating public benefit hospital entity of one or more written policies affecting insurance of covered risks;

(4) The program must be financed, including the payment of premiums and the contribution of initial capital, in accordance with the plan of management and operation submitted to the state risk manager in accordance with this chapter;

(5) The financial statements of the program must be audited annually by the certified public accountants for the program, and these audited financial statements must be delivered to the state risk manager not more than one hundred twenty days after the end of each fiscal year of the program;

(6) The investments of the program must be initiated only with financial institutions or broker-dealers, or both, doing business in those states in which participating public benefit hospital entities are located, and these investments must be audited annually by the certified public accountants for the program;

(7) The treasurer of a multistate joint self-insurance program must be designated by resolution of the program and the treasurer must be located in the state of one of the participating entities;

(8) The participating entities may have no contingent liabilities for covered claims, other than liabilities for unpaid premiums, retrospective premiums, or assessments, if assets of the program are insufficient to cover the program's liabilities; and

(9) The program must obtain approval from the state risk manager in accordance with this chapter and must remain in compliance with this chapter, except if provided otherwise under this section.

NEW SECTION. Sec. 8. (1) Within one hundred twenty days of receipt of a plan

of management and operation, the state risk manager shall either approve or disapprove of the formation of the joint self-insurance program after reviewing the plan to determine whether the proposed program complies with this chapter and all rules adopted in accordance with this chapter.

(2) If the state risk manager denies a request for approval, the state risk manager shall specify in detail the reasons for denial and the manner in which the program fails to meet the requirements of this chapter or any rules adopted in accordance with this chapter.

(3) If the state risk manager determines that a joint self-insurance program covering property or liability risks is in violation of this chapter or is operating in an unsafe financial condition, the state risk manager may issue and serve upon the program an order to cease and desist from the violation or practice.

(a) The state risk manager shall deliver the order to the appropriate entity or entities directly or mail it to the appropriate entity or entities by certified mail with return receipt requested.

(b) If the program violates the order or has not taken steps to comply with the order after the expiration of twenty days after the cease and desist order has been received by the program, the program is deemed to be operating in violation of this chapter, and the state risk manager shall notify the attorney general of the violation.

(c) After hearing or with the consent of a program governed under this chapter and in addition to or in lieu of a continuation of the cease and desist order, the state risk manager may levy a fine upon the program in an amount not less than three hundred dollars and not more than ten thousand dollars. The order levying the fine must specify the period within which the fine must be fully paid. The period within which the fine must be paid must not be less than fifteen and no more than thirty days from the date of the order. Upon failure to pay the fine when due, the state risk manager shall request the attorney general to bring a civil action on the state risk manager's behalf to collect the fine. The state risk manager shall pay any fine collected to the state treasurer for the account of the general fund.

(4) Each joint self-insurance program approved by the state risk manager shall annually file a report with the state risk manager providing:

(a) Details of any changes in the articles of incorporation, bylaws, charter, or trust agreement or other agreement among the participating public benefit hospital entities;

(b) Copies of all the insurance coverage documents;

(c) A description of the program structure, including participants' retention, program retention, and excess insurance limits and attachment point;

(d) An actuarial analysis;

(e) A list of contractors and service providers;

(f) The financial and loss experience of the program; and

(g) Other information as required by rule of the state risk manager.

(5) A joint self-insurance program requiring the state risk manager's approval may not engage in an act or practice that in any respect significantly differs from the management and operation plan that formed the basis for the state risk manager's approval of the program unless the program first notifies the state risk manager in writing and obtains the state risk manager's approval. The state risk manager shall approve or disapprove the proposed change within sixty days of receipt of the notice. If the state risk manager denies a requested change, the state risk manager shall specify in detail the reasons for the denial and the manner in which the program would fail to meet the requirements of this chapter or any rules adopted in accordance with this chapter.

NEW SECTION. Sec. 9. (1) A joint self-insurance program may by resolution of the program designate a person having experience with investments or financial matters as treasurer of the program. The program must require a bond obtained from a surety company in an amount and under the terms and conditions that the program finds will protect against loss arising from mismanagement or malfeasance in investing and managing program funds. The program may pay the premium on the bond.

(2) All interest and earnings collected on joint self-insurance program funds belong to the program and must be

deposited to the program's credit in the proper program account.

NEW SECTION. Sec. 10. (1) An employee or official of a participating public benefit hospital entity in a joint self-insurance program may not directly or indirectly receive anything of value for services rendered in connection with the operation and management of a self-insurance program other than the salary and benefits provided by his or her employer or the reimbursement of expenses reasonably incurred in furtherance of the operation or management of the program. An employee or official of a participating public benefit hospital entity in a joint self-insurance program may not accept or solicit anything of value for personal benefit or for the benefit of others under circumstances in which it can be reasonably inferred that the employee's or official's independence of judgment is impaired with respect to the management and operation of the program.

(2) RCW 48.30.140, 48.30.150, and 48.30.157 apply to the use of insurance producers by a joint self-insurance program.

NEW SECTION. Sec. 11. A joint self-insurance program approved in accordance with this chapter is exempt from insurance premium taxes, fees assessed under chapter 48.02 RCW, chapters 48.32 and 48.32A RCW, business and occupation taxes imposed under chapter 82.04 RCW, and any assigned risk plan or joint underwriting association otherwise required by law. This section does not apply to, and no exemption is provided for, insurance companies issuing policies to cover program risks, and does not apply to or provide an exemption for third-party administrators or insurance producers serving the joint self-insurance program.

NEW SECTION. Sec. 12. (1) The state risk manager shall establish and charge an investigation fee in an amount necessary to cover the costs for the initial review and approval of a joint self-insurance program. The fee must accompany the initial submission of the plan of operation and management.

(2) The costs of subsequent reviews and investigations must be charged to the joint self-insurance program being reviewed or investigated in accordance with the actual time and expenses incurred in the review or investigation.

(3) Any program failing to remit its assessment when due is subject to denial

of permission to operate or to a cease and desist order until the assessment is paid.

NEW SECTION. Sec. 13. (1) Any person who files reports or furnishes other information required under this title, required by the state risk manager under the authority granted under this title, or which is useful to the state risk manager in the administration of this title, is immune from liability in any civil action or suit arising from the filing of any such report or furnishing such information to the state risk manager, unless actual malice, fraud, or bad faith is shown.

(2) The state risk manager and his or her agents and employees are immune from liability in any civil action or suit arising from the publication of any report or bulletins or arising from dissemination of information related to the official activities of the state risk manager unless actual malice, fraud, or bad faith is shown.

(3) The immunity granted under this section is in addition to any common law or statutory privilege or immunity enjoyed by such person. This section is not intended to abrogate or modify in any way such common law or statutory privilege or immunity.

"NEW SECTION. **Sec. 1.** The legislature finds that, as a matter of human dignity, all persons are to be informed of emergency notifications in a manner in which they can understand. It is the intent of the legislature that all persons who may be in harm's way in an emergency are informed of their peril, and informed of appropriate actions they should take to protect themselves and their families.

NEW SECTION. **Sec. 2.** A new section is added to chapter 38.52 RCW to read as follows:

Sec. 4. RCW 38.52.070 and 1997 c 49 s 4 are each amended to read as follows:

(1) Each political subdivision of this state is hereby authorized and directed to establish a local organization or to be a member of a joint local organization for emergency management in accordance with the state comprehensive emergency management plan and program: PROVIDED, That a political subdivision proposing such establishment shall submit its plan and program for emergency management to the state director and secure his or her recommendations thereon, and verification of consistency with the state comprehensive emergency management plan, in order that the plan of the local organization for emergency management may be coordinated with the plan and program of the state. Local comprehensive emergency management plans must specify the use of the incident command system for multiagency/multijurisdiction operations. No political subdivision may be required to include in its plan provisions for the emergency evacuation or relocation of residents in anticipation of nuclear attack. If the director's recommendations are adverse to the plan as submitted, and, if the local organization does not agree to the director's recommendations for modification to the proposal, the matter shall be referred to the council for final action. The director may authorize two or more political subdivisions to join in the establishment and operation of a joint

local organization for emergency management as circumstances may warrant, in which case each political subdivision shall contribute to the cost of emergency management upon such fair and equitable basis as may be determined upon by the executive heads of the constituent subdivisions. If in any case the executive heads cannot agree upon the proper division of cost the matter shall be referred to the council for arbitration and its decision shall be final. When two or more political subdivisions join in the establishment and operation of a joint local organization for emergency management each shall pay its share of the cost into a special pooled fund to be administered by the treasurer of the most populous subdivision, which fund shall be known as the emergency management fund. Each local organization or joint local organization for emergency management shall have a director who shall be appointed by the executive head of the political subdivision, and who shall have direct responsibility for the organization, administration, and operation of such local organization for emergency management, subject to the direction and control of such executive officer or officers. In the case of a joint local organization for emergency management, the director shall be appointed by the joint action of the executive heads of the constituent political subdivisions. Each local organization or joint local organization for emergency management shall perform emergency management functions within the territorial limits of the political subdivision within which it is organized, and, in addition, shall conduct such functions outside of such territorial limits as may be required pursuant to the provisions of this chapter.

(2) In carrying out the provisions of this chapter each political subdivision, in which any disaster as described in RCW 38.52.020 occurs, shall have the power to enter into contracts and incur obligations necessary to combat such disaster, protecting the health and safety of persons and property, and providing emergency assistance to the victims of such disaster. Each political subdivision is authorized to exercise the powers vested under this section in the light of the exigencies of an extreme emergency situation without regard to time-consuming procedures and formalities prescribed by law (excepting mandatory constitutional requirements), including, but not limited

to, budget law limitations, requirements of competitive bidding and publication of notices, provisions pertaining to the performance of public work, entering into contracts, the incurring of obligations, the employment of temporary workers, the rental of equipment, the purchase of supplies and materials, the levying of taxes, and the appropriation and expenditures of public funds.

(3) (a) Each local organization or joint local organization for emergency management that produces a local comprehensive emergency management plan must include a communication plan for notifying significant population segments of life safety information during an emergency. Local organizations and joint local organizations are encouraged to consult with affected community organizations in the development of the communication plans.

(i) In developing communication plans, local organizations and joint organizations should consider, as part of their determination of the extent of the obligation to provide emergency notification to significant population segments, the following factors: The number or proportion of the limited English proficiency persons eligible to be served or likely to be encountered; the frequency with which limited English proficiency individuals come in contact with the emergency notification; the nature and importance of the emergency notification, service, or program to people's lives; and the resources available to the political subdivision to provide emergency notifications.

(ii) "Significant population segment" means, for the purposes of this subsection (3), each limited English proficiency language group that constitutes five percent or one thousand residents, whichever is less, of the population of persons eligible to be served or likely to be affected within a city, town, or county. The office of financial management forecasting division's limited English proficiency population estimates are the demographic data set for determining eligible limited English proficiency language groups.

(b) Local organizations and joint local organizations must submit the plans produced under (a) of this subsection to the Washington military department emergency management division. An initial communication plan must be submitted with the local organization or joint local

organization's next local emergency management plan update following the effective date of this section, and subsequent plans must be reviewed in accordance with the director's schedule.

(c) Beginning on December 1, 2019, the Washington military department emergency management division must submit a report every five years to the relevant committees of the legislature containing the communication plans produced under (a) of this subsection.

NEW SECTION. Sec. 5. If specific funding for the purposes of this act, referencing this act by bill or chapter number, is not provided by June 30, 2017, in the omnibus appropriations act, this act is null and void."

SENATE BILL NO. 5849, by Senators Angel, Bailey, Rolfes, Braun, Brown, Sheldon, Pearson, Becker, Fortunato, Wilson, Palumbo, O'Ban, Warnick and Conway

Addressing the need for veterans' services.

The bill was read the second time.

Representative Reeves moved the adoption of the striking amendment (530):

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that:

(1) Veterans are national heroes who have made great sacrifices in their lives for the protection of our nation;

(2) Due to the relatively high number of military installations in our state, as well as the standard of living in our state, many veterans choose to live in Washington;

(3) Many veterans have a need for support services, including peer-to-peer counseling services. Some veterans need to talk about their experiences with combat, deployment, or other situations experienced during their time in the military. Often, there is no person better prepared to speak with a veteran about his or her experiences than another veteran;

(4) In 2009, the state of Texas created an award winning peer-to-peer counseling network, called the military veteran peer network. On a voluntary basis, veterans elect to receive specialized training about the facilitation of group counseling sessions. After receiving their training, the volunteers create peer-to-peer support groups in their local communities;

(5) Veterans living in Washington would benefit from a program that is similar to the military veteran peer network.

Sec. 2. RCW 43.60A.100 and 1991 c 55 s 1 are each amended to read as follows:

The department of veterans affairs, to the extent funds are made available, shall: (1) Contract with professional counseling specialists to provide a range of direct treatment services to ~~((war))~~ combat-affected state veterans and to those national guard and reservists who served in the Middle East, and their family members; (2) provide additional treatment services to Washington state Vietnam veterans for posttraumatic stress disorder, particularly for those veterans whose posttraumatic stress disorder has intensified or initially emerged due to ~~((the war))~~ combat in the Middle East; (3) provide an educational program designed to train primary care professionals, such as ~~((mental))~~ behavioral health professionals, about the effects of ~~((war))~~ combat-related stress and trauma; (4) provide informational and counseling services for the purpose of establishing and fostering peer-support networks

throughout the state for families of deployed members of the reserves and the Washington national guard; (5) provide for veterans' families, a referral network of community mental health providers who are skilled in treating deployment stress, combat stress, and posttraumatic stress; and (6) offer training and support for volunteers interested in providing peer-to-peer support to other veterans.

NEW SECTION. Sec. 3. The legislature finds that:

(1) Washington state provides a stated preference for hiring veterans and provides a scoring preference for hiring and promotional opportunities to veterans in the form of enhanced test scores;

(2) Few agencies outside of law enforcement use tests in hiring or promotion;

(3) Veterans have experience that is broader than law enforcement and the state can benefit by recruiting people with this experience;

(4) Veterans leave service with experience in transportation, teaching and education, logistics, computer technology, health care, media and communications, construction and engineering, and administrative support;

(5) Many state agencies and other public employers are struggling to fill and retain employees in key positions;

(6) Many public and private employers have developed veteran hiring and recruitment programs that take advantage of the broad experience that veterans bring to the job market.

NEW SECTION. Sec. 4. A new section is added to chapter 43.41 RCW to read as follows:

(1) The office shall develop a military recruitment program that targets veterans and gives them credit for their knowledge, skills, and leadership abilities. In developing the program, the office shall consult with the department of enterprise services, department of veteran affairs, the state military transition council, the veterans employee resource group, and other interested stakeholders. Program development must include, but is not limited to, identifying: (a) Public and private military recruitment programs and ways those programs can be used in Washington; (b) similar military and state job classes and develop a system to provide veterans with experience credit

for similar work; and (c) barriers to state employment and opportunities to better utilize veterans experience.

(2) The office shall report to the legislature with a draft plan by January 1, 2018, that includes draft bill language if necessary.

NEW SECTION. **Sec. 5.** A new section is added to chapter 43.60A RCW to read as follows:

By December 31, 2018, the department of veterans affairs must submit a report to the legislature on the veteran peer-to-peer training and support program authorized in section 2 of this act to determine the effectiveness of the program in meeting the needs of veterans in the state. The report must include the number of veterans receiving peer-to-peer support and the location of such support services; the number of veterans trained through the program to provide peer-to-peer support; and the types of training and support services provided by the program. The report must also include an analysis of peer-to-peer training and support programs developed by other states, as well as in the private and nonprofit sectors, in order to evaluate best practices for implementing and managing the veteran peer-to-peer training and support program authorized in section 2 of this act."
