HOUSE BILL NO. 1747, by Representatives Doglio, Gregerson, Jinkins and Dolan

Concerning risk-based water quality standards for on-site nonpotable water systems.

The bill was read the second time.

There being no objection, Substitute House Bill No. 1747 was substituted for House Bill No. 1747 and the substitute bill was placed on the second reading calendar.

SUBSTITUTE HOUSE BILL NO. 1747 was read the second time.

Representative Shea moved the adoption of amendment (424):

On page 1, line 19, after "(b)" insert "The department of health may not authorize the use of wastewater from any domestic fixtures for irrigation of any land where food products are or could be produced.

(c)"

Representatives Shea and Doglio spoke in favor of the adoption of the amendment.

Amendment (424) was adopted.

Representative Kraft moved the adoption of the striking amendment (312):

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. (1) The department of health, in consultation with the Washington state building code council and the department of commerce, shall study the uses and risks of using nonpotable water. At a minimum, the study must identify at least two of each of the following types of buildings in Washington where nonpotable water has effectively been used: Multifamily residential, commercial, and mixed-use buildings. The study must include a comprehensive analysis that identifies and reviews:

(a) How each of the buildings have functioned by using nonpotable water;

(b) The cost to building owners to install the infrastructure needed to use or reuse nonpotable water in each of the buildings;

(c) The maintenance requirements for using nonpotable water and how such maintenance is different from current plumbing standards and requirements;

(d) The potential health concerns relating to using nonpotable water; and

(e) The potential changes needed to the state building code, the plumbing codes, and other relevant statutes and rules in order to use nonpotable water in buildings and for irrigation purposes.

(2) For the purposes of this section, "nonpotable water" includes, but is not limited to, wastewater from domestic fixtures, gray water, rainwater, and stormwater for nonpotable end uses such as toilet and urinal supply water, clothes washing, irrigation, and dust suppression.

(3) The department of health may convene a work group for the purpose of developing recommendations for the report that includes local plumbers, builders, owners of existing multifamily residential, commercial, and mixed-use buildings that have implemented innovative water systems, and other interested individuals with relevant experience.

(4) In compliance with RCW 43.01.036, a final report must be submitted to the legislature by November 1, 2020.

NEW SECTION. Sec. 2. If specific funding for the purposes of this act, referencing this act by bill or chapter number, is not provided by June 30, 2019, in the omnibus appropriations act, this act is null and void."

Correct the title.

Representative Kraft spoke in favor of the adoption of the striking amendment.

Representative Pollet spoke against the adoption of the striking amendment.

The striking amendment (312) was not adopted.

The bill was ordered engrossed.

There being no objection, the rules were suspended, the second reading considered the third and the bill was placed on final passage.

SECOND READING

HOUSE BILL NO. 1207, by Representatives Ryu, Jenkin, Dolan and Pollet

Concerning manufactured housing communities.

The bill was read the second time.

There being no objection, Substitute House Bill No. 1207 was substituted for House Bill No. 1207 and the substitute bill was placed on the second reading calendar.

SUBSTITUTE HOUSE BILL NO. 1207 was read the second time.

Representative Ryu moved the adoption of the striking amendment (128):

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that manufactured housing communities provide significant opportunity for affordable housing, but at the same time, vacancy rates in established communities are very low. Siting a replacement manufactured home on a manufactured housing community lot is basic to a landlord's right to continue in business and to provide opportunity for housing that is needed. From the time of establishment of a manufactured housing community, the lot sizes and setback and separation distances within should remain intact for any subsequent replacement of manufactured homes on particular lots. Imposing undue burdens and new restrictions for the siting of replacement manufactured homes may deem lots unusable as home sites thus, exacerbating the low vacancy rates and reducing affordable housing opportunities. The legislature intends to provide protection for manufactured housing communities by authorizing the siting of replacement homes on existing lots within established manufactured housing communities abiding by those lot sizes, setback and separation distances, and other requirements that were in place at the time the manufactured housing communities were established.

Sec. 2. RCW 35.21.684 and 2009 c 79 s 1 are each amended to read as follows:

(1) A city or town may not adopt an ordinance that has the effect, directly or indirectly, of discriminating against consumers' choices in the placement or use of a home in such a manner that is not equally applicable to all homes. Homes built to 42 U.S.C. Sec. 5401-5403 standards (as amended in 2000) must be regulated for the purposes of siting in the same manner as site built homes, factory built homes, or homes built to any other state construction or local design standard. However, except as provided in subsection (2) of this section, any city or town may require that:

(a) A manufactured home be a new manufactured home;

(b) The manufactured home be set upon a permanent foundation, as specified by the manufacturer, and that the space from the bottom of the home to the ground be enclosed by concrete or an approved concrete product which can be either load bearing or decorative;

(c) The manufactured home comply with all local design standards applicable to all other homes within the neighborhood in which the manufactured home is to be located;

(d) The home is thermally equivalent to the state energy code; and

(e) The manufactured home otherwise meets all other requirements for a designated manufactured home as defined in RCW 35.63.160.

A city with a population of one hundred thirty-five thousand or more may choose to designate its building official as the person responsible for issuing all permits, including department of labor and industries permits issued under chapter 43.22 RCW in accordance with an interlocal agreement under chapter 39.34 RCW, for alterations, remodeling, or expansion of manufactured housing located within the city limits under this section.

(2)(a) A city or town may not adopt an ordinance that has the effect, directly or indirectly, of restricting the location of manufactured/mobile homes in manufactured/mobile home communities that were legally in existence before June 12, 2008, based exclusively on the age or dimensions of the manufactured/mobile home. ~~((This does not preclude))~~

(b) A city or town may not prohibit the siting of a manufactured/mobile home on an existing lot based solely on lack of compliance with existing separation and setback requirements that regulate the distance between homes.

(c) A city or town is not precluded by (a) or (b) of this subsection from restricting the location of a manufactured/mobile home in manufactured/mobile home communities for any other reason including, but not limited to, failure to comply with fire, safety, or other local ordinances or state laws related to manufactured/mobile homes.

(3) Except as provided under subsection (4) of this section, a city or town may not adopt an ordinance that has the effect, directly or indirectly, of preventing the entry or requiring the removal of a recreational vehicle used as a primary residence in manufactured/mobile home communities.

(4) Subsection (3) of this section does not apply to any local ordinance or state law that:

(a) Imposes fire, safety, or other regulations related to recreational vehicles;

(b) Requires utility hookups in manufactured/mobile home communities to meet state or federal building code standards for manufactured/mobile home communities; or

(c) Includes both of the following provisions:

(i) A recreational vehicle must contain at least one internal toilet and at least one internal shower; and

(ii) If the requirement in (c)(i) of this subsection is not met, a manufactured/mobile home community must provide toilets and showers.

(5) For the purposes of this section, "manufactured/mobile home community" has the same meaning as in RCW 59.20.030.

(6) This section does not override any legally recorded covenants or deed restrictions of record.

(7) This section does not affect the authority granted under chapter 43.22 RCW.

Sec. 3. RCW 35A.21.312 and 2009 c 79 s 2 are each amended to read as follows:

(1) A code city may not adopt an ordinance that has the effect, directly or indirectly, of discriminating against consumers' choices in the placement or use of a home in such a manner that is not equally applicable to all homes. Homes built to 42 U.S.C. Sec. 5401-5403 standards (as amended in 2000) must be regulated for the purposes of siting in the same manner as site built homes, factory built homes, or homes built to any other state construction or local design standard. However, except as provided in subsection (2) of this section, any code city may require that:

(a) A manufactured home be a new manufactured home;

(b) The manufactured home be set upon a permanent foundation, as specified by the manufacturer, and that the space from the bottom of the home to the ground be enclosed by concrete or an approved concrete product which can be either load bearing or decorative;

(c) The manufactured home comply with all local design standards applicable to all other homes within the neighborhood in which the manufactured home is to be located;

(d) The home is thermally equivalent to the state energy code; and

(e) The manufactured home otherwise meets all other requirements for a designated manufactured home as defined in RCW 35.63.160.

A code city with a population of one hundred thirty-five thousand or more may choose to designate its building official as the person responsible for issuing all permits, including department of labor and industries permits issued under chapter 43.22 RCW in accordance with an interlocal agreement under chapter 39.34 RCW, for alterations, remodeling, or expansion of manufactured housing located within the city limits under this section.

(2)(a) A code city may not adopt an ordinance that has the effect, directly or indirectly, of restricting the location of manufactured/mobile homes in manufactured/mobile home communities that were legally in existence before June 12, 2008, based exclusively on the

age or dimensions of the manufactured/mobile home. ~~((This does not preclude))~~

(b) A code city may not prohibit the siting of a manufactured/mobile home on an existing lot based solely on lack of compliance with existing separation and setback requirements that regulate the distance between homes.

(c) A code city is not precluded by (a) or (b) of this subsection from restricting the location of a manufactured/mobile home in manufactured/mobile home communities for any other reason including, but not limited to, failure to comply with fire, safety, or other local ordinances or state laws related to manufactured/mobile homes.

(3) Except as provided under subsection (4) of this section, a code city may not adopt an ordinance that has the effect, directly or indirectly, of preventing the entry or requiring the removal of a recreational vehicle used as a primary residence in manufactured/mobile home communities.

(4) Subsection (3) of this section does not apply to any local ordinance or state law that:

(a) Imposes fire, safety, or other regulations related to recreational vehicles;

(b) Requires utility hookups in manufactured/mobile home communities to meet state or federal building code standards for manufactured/mobile home communities or recreational vehicle parks; or

(c) Includes both of the following provisions:

(i) A recreational vehicle must contain at least one internal toilet and at least one internal shower; and

(ii) If the requirement in (c)(i) of this subsection is not met, a manufactured/mobile home community must provide toilets and showers.

(5) For the purposes of this section, "manufactured/mobile home community" has the same meaning as in RCW 59.20.030.

(6) This section does not override any legally recorded covenants or deed restrictions of record.

(7) This section does not affect the authority granted under chapter 43.22 RCW.

Sec. 4. RCW 36.01.225 and 2009 c 79 s 3 are each amended to read as follows:

(1) A county may not adopt an ordinance that has the effect, directly or indirectly, of discriminating against consumers' choices in the placement or use of a home in such a manner that is not equally applicable to all homes. Homes built to 42 U.S.C. Sec. 5401-5403 standards (as amended in 2000) must be regulated for the purposes of siting in the same manner as site built homes, factory built homes, or homes built to any other state construction or local design standard. However, except as provided in subsection (2) of this section, any county may require that:

(a) A manufactured home be a new manufactured home;

(b) The manufactured home be set upon a permanent foundation, as specified by the manufacturer, and that the space from the bottom of the home to the ground be enclosed by concrete or an approved concrete product which can be either load bearing or decorative;

(3) A county may not adopt an ordinance that has the effect, directly or indirectly, of preventing the entry or requiring the removal of a recreational vehicle used as a primary residence in manufactured/mobile home communities, as defined in RCW 59.20.030, unless the recreational vehicle fails to comply with the fire, safety, or other local ordinances or state laws related to recreational vehicles.

(4) This section does not override any legally recorded covenants or deed restrictions of record.

(5) This section does not affect the authority granted under chapter 43.22 RCW."

SECOND READING

HOUSE BILL NO. 1169, by Representatives Peterson, Griffey, Goodman, Ortiz-Self and Pollet

Clarifying reimbursement for certain clean-up or removal actions by fire protection jurisdictions.

The bill was read the second time.

Representative Pollet moved the adoption of the striking amendment (369):

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. A new section is added to chapter 52.30 RCW to read as follows:

(1) A fire service jurisdiction is entitled to recover from any liable party the reasonable costs associated with the cleanup or removal of hazardous waste and other hazardous materials, including debris or vehicle operating fluids, when responding to an incident on private or public property, including public roadways. A liable party must submit the reasonable costs from the jurisdiction or its designee, for the jurisdiction's cleanup or removal services, to any insurer that provides the coverage for property damage in which they become legally obligated or responsible for causing. If a liable party does not submit the invoice or bill for the reasonable costs received from the jurisdiction or its designee to their insurer within fourteen days of receipt of an invoice or bill, then the jurisdiction or its designee may directly submit the claim to the liable party's insurer for consideration of policy coverage. If coverage is found within a liable party's insurance policy, the insurer may issue payment directly to the jurisdiction and apply the claim expense to the policy's limit of liability. If there are multiple liable parties involved, the jurisdiction may only recover the proportional amount of liability legally determined for each party. The jurisdiction may not recover from any one liable party, or all liable parties combined, more than the actual costs incurred with the cleanup and removal of the hazardous waste and other hazardous materials, including debris or vehicle operating fluids, when responding to an incident on private or public property, including public roadways.

(2) For the purposes of this section, the following definitions apply:

(a) "Incident" means an unplanned, unintentional action or situation and that necessitates a fire service jurisdiction response, including but not limited to a motor vehicle accident, hazardous material spill, unauthorized burn, boating accident, or airplane crash.

(b) "Insurer" means the same as defined in RCW 48.01.050.

(c) "Vehicle" means any mode of transportation operated by a liable party and involved in an incident, including but not limited to automobiles, trucks, boats, aircraft, trains, and motorbikes.

(d) "Liable party" means a person or entity that is legally obligated or responsible for causing an incident.

(e) "Fire service jurisdiction" or "jurisdiction" means a fire protection district or regional fire protection service authority.

NEW SECTION. Sec. 2. A new section is added to chapter 35.103 RCW to read as follows:

(1) A municipal fire department, or department, is entitled to recover from any liable party the reasonable costs associated with the cleanup or removal of hazardous waste and other hazardous materials, including debris or vehicle operating fluids, when responding to an incident on private or public property, including public roadways. A liable party must submit the reasonable costs from the department or its designee, for the department's cleanup or removal services, to any insurer that provides the coverage for property damage in which they become legally obligated or responsible for causing. If a liable party does not submit the invoice or bill for the reasonable costs received from the department or its designee to their insurer within fourteen days of receipt of an invoice or bill, then the department or its designee may directly submit the claim to the liable party's insurer for consideration of policy coverage. If coverage is found within a liable party's insurance policy, the insurer may issue payment directly to the department and apply the claim expense to the policy's limit of liability. If there are multiple liable parties involved, the department may only recover the proportional amount of liability legally determined for each party. The department may not recover from any one liable party, or all liable parties combined, more than the actual costs incurred with the cleanup and removal of the hazardous waste and other hazardous materials, including debris or vehicle operating fluids, when responding to an incident on private or public property, including public roadways.

(2) For the purposes of this section, the following definitions apply:

(a) "Incident" means an unplanned, unintentional action or situation and that necessitates a fire service jurisdiction response, including but not limited to a motor vehicle accident, hazardous material spill, unauthorized burn, boating accident, or airplane crash.

(b) "Insurer" means the same as defined in RCW 48.01.050.

(c) "Vehicle" means any mode of transportation operated by a liable party and involved in an incident, including but not limited to automobiles, trucks, boats, aircraft, trains, and motorbikes.

(d) "Liable party" means a person or entity that is legally obligated or responsible for causing an incident."

Representative Vick moved the adoption of amendment (429) to the striking amendment (369):

On page 2, line 2 of the striking amendment, after "roadways." insert "A liable party is not responsible for costs that exceed the liable party's applicable insurance policy coverage."

On page 3, line 10 of the striking amendment, after "roadways." insert "A liable party is not responsible for costs that exceed the liable party's applicable insurance policy coverage."

Representative Fitzgibbon moved the adoption of the striking amendment (421):

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. A new section is added to chapter 36.70A RCW to read as follows:

(1) A city planning pursuant to RCW 36.70A.040 with a population greater than ten thousand is encouraged to take two or more of the following actions in order to increase its residential building capacity:

(a) Authorize development of an average of at least fifty residential units per acre in one or more areas of not fewer than five hundred acres that include one or more train stations served by commuter rail or light rail;

(b) Authorize development of an average of at least twenty-five residential units per acre in one or more areas of

not fewer than five hundred acres that include one or more bus stops served by scheduled bus service of at least four times per hour for twelve or more hours per day;

(c) Authorize at least one duplex, triplex, or courtyard apartment on each parcel in one or more zoning districts that permit single-family residences unless a city documents a specific infrastructure of physical constraint that would make this requirement unfeasible for a particular parcel;

(d) Authorize cluster zoning or lot size averaging in all zoning districts that permit single-family residences;

(e) Require no more than one on-site parking space per two bedrooms in multifamily zones that are located within one-half mile of a fixed guideway transit station;

(f) Authorize accessory dwelling units on all lots located in zoning districts that permit single-family residences, except that a city choosing this option may restrict the use of such units as short-term rentals, may impose a minimum lot size requirement of two thousand five hundred square feet, may restrict accessory dwelling units on lots that do not meet this minimum size requirement, and may not be required to permit an unattached accessory dwelling unit to be added to lots smaller than three thousand two hundred square feet;

(g) Adopt a planned action pursuant to RCW 43.21C.420;

(h) Adopt a planned action pursuant to RCW 43.21C.440(1)(b)(ii), except that an environmental impact statement pursuant to RCW 43.21C.030 is not required for such an action;

(i) Adopt increases in categorical exemptions pursuant to RCW 43.21C.229 for residential or mixed-use development;

(j) Adopt a form-based code in one or more zoning districts that permit residential uses. "Form-based code" means a land development regulation that uses physical form, rather than separation of use, as the organizing principle for the code; and

(k) Authorize a duplex on each corner lot within all zoning districts that permit single-family residences.

(2) A city planning pursuant to RCW 36.70A.040 with a population greater than ten thousand is encouraged to take one or more of the following actions in order to increase housing affordability:

(a) Adopt an inclusionary zoning program, in which ten percent of the new housing capacity directed by this act consists of affordable housing;

(b) Provide surplus property to be used for affordable housing pursuant to RCW 39.33.015;

(c) Enact an affordable housing levy pursuant to RCW 84.52.105;

(d) Form or join existing subregional partnerships with neighboring jurisdictions to implement and promote affordable housing programs;

(e) Adopt a renters' commission to advise on issues of displacement; or

(f) Adopt a relocation assistance program.

(3) Amendments to development regulations and other nonproject actions taken by a city to implement subsections (1) and (2) of this section are categorically exempt from the requirements of chapter 43.21C RCW.

(4) In implementing this act, cities are encouraged to utilize strategies that distribute housing growth equitably across their jurisdictions.

(5) In implementing this act, cities are encouraged to prioritize the creation of affordable, inclusive neighborhoods and to consider the risk of residential displacement, particularly in neighborhoods with communities at high risk of displacement.

NEW SECTION. **Sec. 2.** A new section is added to chapter 36.70A RCW to read as follows:

(1) In addition to the requirements set forth in RCW 36.70A.070(2) for the housing element of a comprehensive plan, a city planning pursuant to RCW 36.70A.040 with a population greater than ten thousand is encouraged to update the housing element of its comprehensive plan as described in subsection (2) of this section.

(2) The housing element should:

(a) Quantify existing and projected housing needs for all income levels, including extremely low-income households, with documentation of housing and household characteristics, and cost-burdened households;

(b) Include policies, regulations, and programs to conserve and preserve existing private market and subsidized affordable housing and existing manufactured home parks;

(c) In cities with populations of more than eighty thousand, include policies, regulations, and programs to minimize displacement;

(d) If the analysis in (a) of this subsection demonstrates a lack of sufficient sites to accommodate housing needs for extremely low-income, very low-income, and low-income households, include a program to make sufficient development capacity available at multifamily densities available for development;

(e) Analyze population and employment trends, with documentation of projections;

(f) Include an eight-year schedule of programs and actions to implement the policies of the housing element and to accommodate the planned affordable housing units, including incentives and funding for affordable housing; and

(g) Review and evaluate the previous housing element, including an evaluation of success in attaining planned housing types and units, achievement of goals and policies, and implementation of the schedule of programs and actions.

(3) The housing element update described in subsection (2) of this section should be incorporated into the housing element of a city's comprehensive plan by the next regularly scheduled comprehensive plan update as provided in RCW 36.70A.130.

Sec. 3. RCW 43.21C.450 and 2012 1st sp.s. c 1 s 307 are each amended to read as follows:

The following nonproject actions are categorically exempt from the requirements of this chapter:

(1) Amendments to development regulations that are required to ensure consistency with an adopted comprehensive plan pursuant to RCW 36.70A.040, where the comprehensive plan was previously subjected to environmental review pursuant to this chapter and the impacts associated with the proposed regulation were specifically addressed in the prior environmental review;

(2) Amendments to development regulations that are required to ensure consistency with a shoreline master program approved pursuant to RCW 90.58.090, where the shoreline master program was previously subjected to environmental review pursuant to this chapter and the impacts associated with the proposed regulation were specifically addressed in the prior environmental review;

(3) Amendments to development regulations that, upon implementation of a project action, will provide increased environmental protection, limited to the following:

- (a) Increased protections for critical areas, such as enhanced buffers or setbacks;
- (b) Increased vegetation retention or decreased impervious surface areas in shoreline jurisdiction; and
- (c) Increased vegetation retention or decreased impervious surface areas in critical areas;

(4) Amendments to technical codes adopted by a county, city, or town to ensure consistency with minimum standards contained in state law, including the following:

- (a) Building codes required by chapter 19.27 RCW;
 - (b) Energy codes required by chapter 19.27A RCW;
- and
- (c) Electrical codes required by chapter 19.28 RCW;

(5) Amendments to development regulations in order to implement section 1 of this act.

NEW SECTION. Sec. 4. A new section is added to chapter 43.21C RCW to read as follows:

(1) A project action evaluated under this chapter by a city, town, or county planning under RCW 36.70A.040 is exempt from appeals under this chapter on the basis of the evaluation of or impacts to transportation elements of the environment, so long as the project does not present significant adverse impacts to the state-owned transportation system as determined by the department of transportation and the project is:

(a)(i) Consistent with a locally adopted transportation plan; or

(ii) Consistent with the transportation element of a comprehensive plan; and

(b)(i) A project for which traffic or parking impact fees are imposed pursuant to RCW 82.02.050 through 82.02.090; or

(ii) A project for which traffic or parking impacts are expressly mitigated by an ordinance, or ordinances, of general application adopted by the city, town, or county.

(2) For purposes of this section, "impacts to transportation elements of the environment" include impacts to transportation systems; vehicular traffic; waterborne, rail, and air traffic; parking; movement or circulation of people or goods; and traffic hazards.

NEW SECTION. Sec. 5. If specific funding for the purposes of sections 1 and 2 of this act, referencing sections 1 and 2 of this act by bill or chapter number and section number, is not provided by June 30, 2019, in the omnibus appropriations act, sections 1 and 2 of this act are null and void."
