REQUEST FOR PROPOSALS

**STUDY OF VEHICLE LICENSING SUBAGENTS IN
WASHINGTON STATE**

I. BACKGROUND

The Washington State Legislature has commissioned this study to analyze and generate recommendations for Washington's practice of authorizing private businesses to perform vehicle and vessel title and licensing services, collecting the associated fees for the State.

Washington collects a number of vehicle licensing fees, including registration fees, weight fees, and title transfer fees, among others.

Washington citizens can choose to pay these fees either:

- Directly to the State Department of Licensing (DOL);
- To the County auditor;
- To vehicle licensing subagents.

Subagents were first authorized to assist County Auditors and DOL with vehicle licensing and titling in 1937. That authority is currently found in RCW 46.01.140.

County auditors and subagents pass the vehicle licensing revenue through to the state and retain specific fees to offset their own costs. The service fees retained by vehicle license subagents are authorized in RCW 46.17.005 and 46.17.040. Those fees were recently increased in Chapter 417, laws of 2019 (EHB 1789).

Time and technology have changed the business model. Citizens do not necessarily need to personally visit a licensing office as many transactions can now be handled either through the mail or on-line. The study proviso seeks information and recommendations about ways to increase the scope of services that could be provided by subagents.

As explained in more detail below, for this study, the Legislature requires information on the legal and administrative context subagents operate within, the history of subagent service fees, determination of business expenses for each of the subagents, and recommendations for possible process improvements and service expansion.

II. SCOPE OF WORK

Purpose: The purpose of this study is to evaluate the provision of State licensing services by vehicle subagents as instructed in the study proviso.

Staff Workgroup

A Staff Workgroup will work with the Consultant. The Staff Workgroup will include staff/representatives from the:

- JTC;
- House and Senate Transportation Committees;
- The Washington State Department of Licensing;
- County Auditors; and
- Vehicle subagents.

The Consultant will work with the Staff Workgroup throughout the study, soliciting input, presenting draft materials before they are shared publicly, and reviewing findings, recommendations and draft reports.

A final report is due to the House and Senate Transportation Committees by September 30, 2020.

III. TASKS TO BE COMPLETED IN STUDY

The tasks described below are based on the [study proviso](#) included in the 2019-21 biennial transportation budget. The description is not intended to fully encompass the study tasks, instead setting out minimum requirements to provide the Consultant with a study framework.

Consultants are encouraged to recommend additions and/or alternatives to better accomplish the study's stated objectives.

TASK 1: REVIEW OF CURRENT AUTHORITY AND PRACTICE

Review and report on the:

- Relevant statutes, rules and State administrative policies authorizing vehicle subagents including the history of changes to those provisions, including a history of service fees;
- Process of selecting and authorizing vehicle subagents, including change of ownership and any barriers to entry into the vehicle subagent market. This will include review of the process for determining geographic location of subagent offices;
- Oversight of subagents provided by the DOL and County Auditors;
- Online vehicle registration renewal process;
- Method for determining requested services fee increases.

Most, if not all, of this information is currently available from DOL, the association of county auditors and/or the subagent's association. Much of the consultant's work on this task will be evaluating the accuracy and completeness of that information and supplementing as necessary. The consultant should also evaluate the effectiveness of the regulatory scheme and any barriers to participation. The

consultants need to synthesize and present this information in a form that is convenient and accessible to Legislators and their staff.

Deliverable: Draft report chapter

TASK 2: ANALYSIS OF BUSINESS EXPENDITURES

Analyze the costs of providing subagent services, including:

- Information primarily available from DOL:
 - Identify each vehicle license subagency's revenue since 2010;
 - Identify materials provided by DOL to each vehicle licensing subagent since 2010 and the cost of those materials.

- Information available from individual subagents:
 - Identifying the annual business expenditures of each vehicle subagent business since 2010;
 - Compare information developed in this study about business expenses to the information provided about business expenses as part of the 2019 fee increase request to the legislature.

Deliverable: Draft report chapter

TASK 3: RECOMMENDATIONS/OPTIONS

After consulting with Legislative, agency, and private stakeholders, develop recommendations, if needed, on:

- Current process of selecting and authorizing a vehicle subagent;
- Division of responsibilities between DOL, County Auditors, and subagents;
- DOL's ability to provide more licensing services directly and potential improvements in on-line vehicle registration renewal process;
- Potential expansion of services provided by subagencies;
- Process for determining geographic location of subagencies;

Deliverable: Include in final report.

TASK 4: COORDINATE WITH STAFF WORKGROUP

The Consultant will work with a Staff Workgroup throughout the study, soliciting input, presenting draft materials before they are shared publicly, and reviewing findings, recommendations and draft reports. The Staff Workgroup membership is identified above under the scope of work section. The Consultant should generally expect to provide copies of all materials needed for at least two meetings with the Staff Workgroup. The Consultant will help determine if more Staff Workgroup meetings are required. The consultant may also need to meet with Legislators or other interested parties.

TASK 5: PRESENT RESEARCH AND FINDINGS

The Consultant will attend and provide study updates at the following meetings:

- JTC meeting in Olympia -- Consultant will provide a progress report to the JTC at least once during the 2019 interim¹ and once during the 2020 interim.
- One presentation each to the House and Senate Transportation Committees during the 2021 legislative session, at the Committees' discretion. These two presentations would likely occur on the same day in January or February, 2021.

TASK 6: DRAFT AND FINAL REPORTS

The Consultant will prepare both a draft report and a draft final report for the study, summarizing study findings and recommendations. The deliverables described above may be incorporated into the final report, or may be included in the report appendices.

The Consultant must deliver a draft report to the JTC Project Manager and Staff Workgroup by June 15, 2020. Staff Workgroup comments and suggestions must be considered for incorporation into the draft final report delivered to the JTC by July 2020 JTC meeting, date to be determined . The final report is due to the House and Senate Transportation Committees on September 30, 2020.

The Consultant shall work with the JTC Project Manager on review of the draft reports, and incorporate any needed changes.

Deliverable: Draft and final reports

IV. CONTRACT DELIVERABLES

XIV. PROPRIETARY INFORMATION

All proposals received shall become public record, but shall remain confidential until the successful bidder resulting from this RFP, if any, is announced. Thereafter, proposals shall be available for public inspection and copying as required by Chapter 42.56 RCW (the principal Washington State statute pertaining to accessibility to public records) except as exempted in that chapter or by other law. Bidders are advised that the permissible exemptions from public disclosure pursuant to Chapter 42.56 RCW are very narrow in scope and will be strictly construed. In the event that a bidder desires to claim portions of its proposal as exempt from disclosure under the provisions of the aforementioned RCW, it is incumbent upon that bidder to clearly identify those portions in a proposal transmittal letter. The transmittal letter must identify the page and particular exemption(s) from disclosure upon which it is making its claim. Further, each page claimed to be exempt must be clearly identified by the word "CONFIDENTIAL" printed on the lower right-hand corner of the page. ***Designating the entire proposal as confidential is not acceptable and will not be honored.***

NOTE: The proposal of the successful bidder will be attached to the resulting contract and incorporated therein by that attachment. Therefore, as part of a public state agency contract, the *entirety* of the successful bidder's proposal will be subject to public disclosure regardless of any claim of confidentiality or previously applicable statutory exemption. Nevertheless, should a successful bidder obtain a court order from a Washington State court of competent jurisdiction prohibiting disclosure of parts of its proposal prior to the execution of the contract incorporating the same, the JTC shall comply with the court order. The burden is upon the successful bidder to evaluate and anticipate its need to maintain confidentiality

and to proceed accordingly. Timeliness will be of the essence; a delay in execution of the contract to accommodate a petition to the courts will not be allowed.

XV. JTC RIGHTS

1. Determination of clarity and completeness in the responses to any of the provisions in this RFP will be made solely by the JTC. The JTC reserves the right to require clarification, additional information, and materials in any form relative to any or all of the provisions or conditions of this RFP.
2. The JTC reserves the right to reject any or all proposals at any time prior to the execution of a contract acceptable to the JTC, without any penalty to the JTC.
3. The JTC intends to award the contract to the Bidder with the best combination of attributes based on the evaluation criteria listed in Section X of this RFP. This RFP does not, however, obligate the JTC to contract for services herein.
4. Should the JTC fail to negotiate a contract with the Apparently Successful Bidder, the JTC reserves the right to negotiate and contract with the next most qualified Bidder.
5. The JTC reserves the right to waive specific terms and conditions contained in this RFP.
6. It shall be understood by Bidders that their proposal is predicated upon acceptance of all terms and conditions contained in this RFP unless the Bidder has obtained such a waiver, in writing, from the JTC prior to submission of the proposal. Any such waiver will be granted to all Bidders.
7. The JTC reserves the right, at its sole discretion, to waive minor administrative irregularities contained in any Bidder's proposal.

Thank you for your interest.

2. Of any material change in the Contractor's management staff;
3. Of any change in control of the Contractor or in the business structure of the Contractor;
4. Of any other material change in the Contractor's business, partnership, or corporate organization relating to this engagement. If any such changes cause an increase or decrease in the cost of, or the time required for the performance of this contract, an equitable adjustment may be made in the contract price or period of performance, or both, and the contract shall be modified in writing accordingly. Any claim by the Contractor for adjustment under this clause must be asserted within thirty (30) days from the date of Contractor's receipt of the notice of such change; *provided*, however, that the JTC may, upon determining that the facts justify such action, receive and act upon such claim asserted at any time prior to final payment under this contract. Failure to agree to any adjustment shall be a dispute concerning a question of fact within the meaning of the clause of this contract entitled "Disputes." However, nothing in this clause shall excuse the Contractor from proceeding with the contract as changed.

CONFLICT OF INTEREST -- JTC may, by written notice to the Contractor, terminate this contract if it is found after due notice and examination by the JTC that there is a violation of the State Ethics Law Chapter 42.52 RCW; or any similar statute involving the Contractor in the procurement of, or performance under, this contract.

In the event this contract is terminated as provided above, JTC shall be entitled to pursue the same remedies against the Contractor as it could pursue in the event of a breach of the contract by the Contractor. The rights and remedies of JTC provided for in this clause shall not be exclusive and are in addition to any other rights and remedies provided by law. The existence of facts upon which the JTC makes any determination under this clause shall be an issue and may be reviewed as provided in the "Disputes" clause of this contract.

CONTRACTOR NOT EMPLOYEE OF THE AGENCY -- The Contractor and his or her employees or agents performing under this contract are not employees or agents of JTC. The Contractor will not hold himself/herself out as or claim to be an officer or employee of JTC or of the state of Washington by reason hereof, nor will the Contractor make any claim or right, privilege or benefit which would accrue to an employee under Chapter 41.06 RCW.

COVENANT AGAINST CONTINGENT FEES -- The Contractor warrants that no person or selling agent has been employed or retained to solicit or secure this contract upon an agreement or understanding for a commission, percentage, brokerage, or contingent fee, excepting bona fide employees or bona fide established agent maintained by the Contractor for the purpose of securing business. JTC shall have the right, in the event of breach of this clause by the Contractor, to annul this contract without liability or, at its discretion, to deduct from the contract price or consideration or recover by other means the full amount of such commission, percentage, brokerage or contingent fee.

DISPUTES -- If a dispute should arise between the Contractor and JTC regarding the performance or expected outcomes of the contract, such dispute shall be referred to the JTC Committee Coordinator for review and decision. If the decision by the JTC Committee Coordinator is not satisfactory to the Contractor, the Contractor may request in writing that the dispute be reviewed by the Legislative Members of the JTC Executive Committee. Such written request shall be provided to the JTC Committee Coordinator within five (5) days following the Committee Coordinator's decision. The Committee Coordinator shall present the written request to the Legislative Members of the JTC Executive Committee at its earliest convenience for review and decision. The decision of the Legislative Members shall become final and binding.

Unless mutually agreed to by the JTC and the Contractor, the work to be performed under this agreement shall not be delayed or stopped during the review of a dispute either by the JTC Committee Coordinator or the JTC Executive Committee.

FORCE MAJEURE -- Neither party shall be liable to the other or deemed in default under this contract for any delay or failure to perform its obligations under this contract if such delay or failure arises from any cause or causes beyond the reasonable control of the parties and without fault or negligence of the parties, including and not limited to acts of God, war, riots, strikes, fire, floods, earthquakes, epidemics, or other similar circumstances.

GOVERNING LAW -- This contract shall be governed by the laws of the state of Washington. In the event of a lawsuit involving this contract, venue shall be proper only in Thurston County. The Contractor, by execution of this contract, acknowledges the jurisdiction of the courts of the state of Washington in this matter.

INDEMNIFICATION -- The contractor shall defend, protect, and hold harmless the state of Washington, JTC, or any employees thereof, from and against all claims, suits or actions arising from the Contractor's acts which are libelous or slanderous, which result in injury to persons or property, which violate a right of confidentiality, or which constitute an infringement of any copyright, patent, trademark, or trade name through use of reproduction of material of any kind.

INDUSTRIAL INSURANCE COVERAGE -- The Contractor shall provide or purchase industrial insurance coverage prior to performing work under this contract as required under Title 51 RCW. JTC will not be responsible for payment of industrial insurance premiums or for any other claim or benefit for this Contractor, or any Subcontractor or employee of the Contractor, which might arise under the industrial insurance laws during performance of duties and services under this contract.

Furthermore, any alteration, amendment, modification, or waiver of any clause or condition of this contract is not effective or binding unless made in writing and signed by the JTC.

NONASSIGNABILITY -- Neither this contract, nor any claim arising under this contract, shall be transferred or assigned by the Contractor.

NONDISCRIMINATION -- During the performance of this contract, the Contractor shall comply with all federal and state nondiscrimination laws, regulations, and policies.

NONCOMPLIANCE WITH NONDISCRIMINATION LAWS -- In the event of the Contractor's noncompliance or refusal to comply with any nondiscrimination law, regulation, or policy, this contract may be rescinded, canceled, or terminated in whole or in part, and the Contractor may be declared ineligible for further contracts with JTC. The Contractor shall, however, be given a reasonable time in which to cure this noncompliance. Any dispute may be resolved in accordance with the "Disputes" procedure set forth herein.

PAYMENT OF TAXES -- Contractor shall pay all applicable taxes assessed on the compensation received under this contract and shall identify and pay those taxes under Contractor's federal and state identification number(s).

RECORDS, DOCUMENTS AND REPORTS -- The Contractor shall maintain books, records, documents, data and other evidence of accounting procedures and practices which sufficiently and properly reflect all direct and indirect costs of any nature expended in the performance of this contract. These records shall be subject at all reasonable times to inspection, review, or audit by personnel duly authorized by the JTC, State Auditor or state or federal officials so authorized by law, regulation, or contract. The Contractor will retain all books, records, documents, and other materials relevant to this contract for six (6) years after the date of final payment, and make them available for inspection by persons authorized under this provision.

If any litigation, claim or audit is started before the expiration of the six (6) year period, the records shall be retained until all litigation claims, or audit findings involving the records have been resolved.

REGISTRATION WITH DEPARTMENT OF REVENUE -- The Contractor shall complete registration with the Department of Revenue, <http://dor.wa.gov/Content/Home/Default.aspx>, and be responsible for payment of all taxes due on payments made under this contract.

RIGHT OF INSPECTION -- The Contractor shall provide right of access to its facilities to the JTC, or any of its officers, or to any other authorized agent or official of the state of Washington or the federal government at all reasonable times, in order to monitor and evaluate performance, compliance, and/or quality assurance under this contract.

RIGHTS IN DATA -- Unless otherwise provided, data which originates from this contract shall be "works for hire" as defined by the U.S. Copyright Act and shall be owned by JTC. Data shall include, but not be limited to: working papers, reports, documents, pamphlets, advertisements, books, magazines, surveys, studies, computer programs, films, tapes, and/or sound reproductions. Ownership includes the right to copyright, patent, register, and the ability to transfer these rights.

Data which is delivered under the contract, but which does not originate therefrom shall be transferred to JTC with a nonexclusive, royalty-free, irrevocable license to publish, translate, reproduce, deliver, perform, dispose of, and to authorize others to do so; *provided*, that such license shall be limited to the extent which the Contractor has a right to grant such a license. The Contractor shall exert all reasonable effort to advise JTC, at the time of delivery of data furnished under this contract, of all known or potential invasions of privacy contained therein and of any portion of such document which was not produced in the performance of this contract. JTC shall receive prompt written notice of each notice of claim of copyright infringement received by the Contractor with respect to any data delivered under this contract. JTC shall have the right to modify or remove any restrictive markings placed upon the data by the Contractor.

SAFEGUARDING OF INFORMATION -- The use or disclosure by any party of any information concerning JTC for any purpose not directly connected with the administration of JTC or the Contractor's responsibilities with respect to services provided under this contract is prohibited except by written consent of the JTC.

SAVINGS -- In the event funding from state, federal, or other sources is withdrawn, reduced, or limited in any way after the effective date of this contract and prior to normal completion, JTC may terminate the contract under the "Termination for Convenience" clause, without the five-day notice requirement, subject to renegotiation under those new funding limitations and conditions.

SCOPE OF CONTRACT -- This contract and the attachments incorporate all the contracts, covenants, and understandings between the parties concerning the subject matter, and all such covenants, agreements, and understandings have been merged into this contract. No prior contract or understandings, verbal or otherwise, of the parties or their agents shall be valid or enforceable unless embodied in this contract.

SEVERABILITY -- The provisions of this contract are intended to be severable. If any term or provision is illegal or invalid for any reason whatsoever, such illegality or invalidity shall not affect the validity of the remainder of the contract.

SUBCONTRACTING -- Neither the Contractor nor any Subcontractor shall enter into subcontracts for any of the work contemplated under this contract without obtaining prior written approval of the JTC.

TERMINATION FOR CAUSE -- In the event the JTC determines the Contractor has failed to comply with the conditions of this contract in a timely manner, the JTC has the right to suspend or terminate this contract. In such event the Contractor shall be liable for damages as authorized by law including, but not limited to, any cost difference between the original contract and the replacement or cover contract and all administrative costs directly related to the replacement contract, e.g., cost of the mailing, advertising, and staff time.

A termination shall be deemed a "Terminate for Convenience" if it is determined that the Contractor (i) was not in default, or (ii) failure to perform was outside of his or her control, fault or negligence.

TERMINATION FOR CONVENIENCE -- Except as otherwise provided in this contract, the JTC may, by five (5) days written notice, beginning on the second day after the mailing, terminate this contract in whole or in part when it is in the best interests of JTC. If this contract is so terminated, JTC shall be liable only for payment in accordance with the terms of this contract for services rendered prior to the effective date of termination.

TERMINATION PROCEDURE -- Upon termination of this contract, JTC, in addition to any other rights provided in this contract, may require the Contractor to deliver to JTC any property specifically produced or acquired for the performance of such part of this contract as has been terminated. The provisions of the "Treatment of Assets" clause shall apply in such property transfer.

JTC shall pay to the Contractor the agreed upon price, if separately stated, for completed work and services accepted by JTC, and the amount agreed upon by the Contractor and JTC for (i) completed work and services for which no separate price is stated, (ii) partially completed work and services, (iii) other property or services which are accepted by JTC, and (iv) the protection and preservation of property, unless the termination is for default, in which case the JTC shall determine the extent of the liability of JTC. Failure to agree with such determination shall be a dispute within the meaning of the "Disputes" clause of this contract. JTC may withhold from any amounts due the Contractor such sum as the JTC determines to be necessary to protect JTC against potential loss or liability.

The rights and remedies of JTC provided in this section shall not be exclusive and are in addition to any other rights and remedies provided by law or under this contract.

After receipt of a notice of termination, and except as otherwise directed by the JTC, the Contractor shall:

1. Stop work under the contract on the date, and to the extent specified, in the notice;
2. Place no further orders or subcontracts for materials, services, or facilities except as may be necessary for completion of such portion of the work under the contract as is not terminated;
3. Assign to JTC, in the manner, at the times, and to the extent directed by the JTC, all of the rights, title, and interest of the Contractor under the orders and subcontracts so terminated, in which case JTC has the right, at its discretion, to settle or pay any or all claims arising out of the termination of such orders and subcontracts;
4. Settle all outstanding liabilities and all claims arising out of such termination of orders and subcontracts, with the approval or ratification of the JTC to the extent the JTC may require, which approval or ratification shall be final for all the purposes of this clause;
5. Transfer title to JTC and deliver in the manner, at the times, and to the extent directed by the JTC any property which, if the contract has been completed, would have been required to be furnished to JTC;
6. Complete performance of such part of the work as shall not have been terminated by the JTC; and
7. Take such action as may be necessary, or as the JTC may direct, for the protection and preservation of the property related to this contract which is in the possession of the Contractor and in which JTC has or may acquire an interest.

TREATMENT OF ASSETS--

1. Title to all property furnished by JTC shall remain in JTC's office. Title to all property furnished by the Contractor, for the cost of which the Contractor is entitled to be reimbursed as a direct item of cost under this contract, shall pass to and vest in JTC upon delivery of such property by the vendor. Title to other property, the cost of which is reimbursable to the Contractor under this contract, shall pass to and vest in JTC upon (i) issuance for use of such property in the performance of this contract, or (ii)

commencement of use of such property in the performance of this contract, or (iii) reimbursement of the cost thereof by JTC in whole or in part, whichever first occurs.

2. Any property of JTC furnished to the Contractor shall, unless otherwise provided herein or approved by the JTC, be used only for the performance of this contract.
3. The Contractor shall be responsible for any loss or damage to property of JTC which results from the negligence of the Contractor or which results from the failure on the part of the Contractor to maintain and administer that property in accordance with sound management practices.
4. If any JTC property is lost, destroyed or damaged, the Contractor shall notify JTC immediately and shall take all reasonable steps to protect that property from further damage.
5. The Contractor shall surrender to JTC all property of JTC prior to settlement upon completion, termination, or cancellation of this contract.
6. All reference to the Contractor under this clause shall also include Contractor's employees, agents, or Subcontractors.

WAIVER OF DEFAULT -- Waiver of any default shall not be deemed to be a waiver of any subsequent default. Waiver of breach of any provision of the contract shall not be deemed to be a waiver of any other or subsequent breach and shall not be construed to be a modification of the terms of the contract unless stated to be such in writing, signed by the JTC and attached to the original contract.
