It may have influenced the decisions of some whether to vote for or not for this particular amendment and would like to know how the President would rule."

RULING BY THE PRESIDENT

President Owen: "Senator Hasegawa, because this amendment did not receive a majority, the Point of Order is not appropriately not before us. However, in subsequent amendments, should an amendment receive a majority but not the sixty percent then your point of order would be in order."

POINT OF ORDER

Senator Fain: "That amendment was not adopted with 27 votes. For clarity this evening, I would ask, Mr. President, if the President believes that the thirty-vote threshold is within the constitutional parameters of the Senate?"

REMARKS BY THE PRESIDENT

PARLIAMENTARY INQUIRY

Senator Hasegawa: "Mr. President, since the challenge has been made, I was wondering if we are afforded an opportunity to respond?"

REPLY BY THE PRESIDENT

President Owen: "Senator Hasegawa, yes you may. Oh, one second though, Senator Hasegawa. Senator Fain has the opportunity to make arguments in support of his position first. If he chooses to do so ... ? He chooses not to do so. Senator Hasegawa."

Senator Hasegawa spoke against the requirement contained within the Point of Order.

RULING BY THE PRESIDENT

President Owen: "So, in anticipation of this question coming up, the President had a pretty good idea when the rule was placed on the desk, that the question would be raised. We did look at this ahead of time and the President is prepared to rule.

In ruling on the Point of Order raised by Senator Fain that provisions found in Senate Rule 53, about the provisions found in Senate Rule 53, requiring a sixty percent affirmative vote to amend a bill reported by the Committee on Ways & Means, the President finds and rules as follows:

The President's recent decision regarding the majority's adoption of a super-majority voting requirement was based on language from the 2013 decision in the *League of Education Voters* case. That case reaffirmed the right of a political majority to pass a bill in the form that the majority prefers. As he has done in previous rulings, the President followed the Court's approach and cited some of its language in support of his ruling. The newest super-majority provision adopted by the majority would limit the body's ability to amend certain budgets. It would require

EIGHTY FIRST DAY, APRIL 2, 2015

a sixty percent affirmative vote to amend a budget that had been reported out of the Committee on Ways & Means.

When the President ruled that the previous super-majority tax provisions violated Article 2, Section 2 of the State Constitution, the President noted: 'In contrast to the other procedural super-majority requirements found in the Senate Rules, these new tax provisions do not act to slow down legislation; they act to stop legislation that creates a new tax until a two-thirds super-majority majority can be persuaded to support it. It is important to note that there is no way to avoid this barrier other than to suspend the rules which, coincidentally, also requires a two-thirds vote.'

Certainly the sixty percent to amend raises similar concerns. It protects the decisions of the members of the Committee on Ways & Means; it allows members on the floor to vote in support of an amendment that they know will not be adopted even if a majority of members support it. Although the rule was part of a senate practice for many years, it was discarded on a bipartisan basis in 2012. The 2012 rule change returned the senate to operating largely on a majoritarian basis. Regardless of the President's views of the merits of the rule, it must be noted that if a political majority is blocked from adopting an amendment on the floor, the members of that majority are not without recourse. They can withhold their support for the bill on final passage; they can seek to withhold their support for advancing the bill to final passage. Simply put, they can stop the bill from ever leaving the senate. More importantly, that same majority can still achieve the result it prefers. When combined with the power of the majority to introduce legislation and advance that legislation to final passage through the use of parliamentary tools, the sixty percent to amend rule does not prohibit the majority from acting to accomplish its aims. This ability for the majority to act constitutes a significant distinction from the earlier unconstitutional provisions. These choices are not ideal. They introduce significant conflict into the legislative process. They can force a political majority to make difficult and risky decisions but the President is not prepared to find a rule unconstitutional solely because it presents challenging problems for a majority.

For these reasons, the provisions found in Senate Rule 53, requiring a sixty percent vote to amend a budget bill that was reported out of the Committee on Ways & Means, does not violate the Washington Constitution and Senator Fain's point is not ... well taken, or maybe it is well taken depending on ... what he wanted."

and civil rights office within the office of the superintendent of public instruction and the Washington state human rights commission. The model policies and procedures shall be updated as necessary.

(2) School districts shall adopt discipline policies and procedures consistent with the model policy by April 1, 2016.

NEW SECTION. Sec. 967. A new section is added to chapter 28A.415 RCW to read as follows:

(1) The office of the superintendent of public instruction shall develop a training program to support the implementation of discipline policies and procedures under chapter 28A.600 RCW.

(2) School districts are strongly encouraged to provide the trainings to all school and district staff interacting with students, including instructional staff and noninstructional staff, as well as within a reasonable time following any substantive change to school discipline policies or procedures.

(3) To the maximum extent feasible, the trainings must incorporate or adapt existing online training or curriculum, including securing materials or curriculum under contract or purchase agreements within available funds.

(4) The trainings must be developed in modules that allow:

(a) Access to material over a reasonable number of training sessions;

(b) Delivery in person or online; and

(c) Use in a self-directed manner.

Sec. 968. RCW 28A.600.015 and 2013 2nd sp.s. c 18 s 302 are each amended to read as follows:

(1) The superintendent of public instruction shall adopt and distribute to all school districts lawful and reasonable rules prescribing the substantive and procedural due process guarantees of pupils in the common schools. Such rules shall authorize a school district to use informal due process procedures in connection with the short-term suspension of students to the extent constitutionally permissible: PROVIDED, That the superintendent of public instruction deems the interest of students to be adequately protected. When a student suspension or expulsion is appealed, the rules shall authorize a school district to impose the suspension or expulsion temporarily after an initial hearing for no more than ten consecutive school days or until the appeal is decided, whichever is earlier. Any days that the student is temporarily suspended or expelled before the appeal is decided shall be applied to the term of the student suspension or expulsion and shall not limit or extend the term of the student suspension or expulsion. An expulsion or suspension of a student may not be for an indefinite period of time.

(2) Short-term suspension procedures may be used for suspensions of students up to and including, ten consecutive school days.

(3) Emergency expulsions must end or be converted to another form of corrective action within ten school days from the date of the emergency removal from school. Notice and due process rights must be provided when an emergency expulsion is converted to another form of corrective action.

(4) School districts may not impose long-term suspension or expulsion as a form of discretionary discipline.

(5) As used in this chapter, "discretionary discipline" means a disciplinary action taken by a school district for student behavior that violates rules of student conduct adopted by a school district board of directors under RCW 28A.600.010 and 28A.600.015, but does not constitute action taken in response to any of the following:

(a) A violation of RCW 28A.600.420;

(b) An offense in RCW 13.04.155; or

(c) Two or more violations of RCW 9A.46.120, 9A.41.280, 28A.600.455, 28A.635.020, or 28A.635.060 within a three-year period.

(6) Except as provided in RCW 28A.600.420, school districts are not required to impose long-term suspension or expulsion for behavior that constitutes a violation or offense listed under subsection (5)(a) through (c) of this section and should first consider alternative actions.

(7) School districts may not suspend the provision of educational services to a student as a disciplinary action. A student may be excluded from a particular classroom or instructional or activity area for the period of suspension or expulsion, but the school district must provide an opportunity for a student to receive educational services during a period of suspension or expulsion.

Sec. 969. RCW 28A.600.020 and 2013 2nd sp.s. c 18 s 303 are each amended to read as follows:

(1) The rules adopted pursuant to RCW 28A.600.010 shall be interpreted to ensure that the optimum learning atmosphere of the classroom is maintained, and that the highest consideration is given to the judgment of qualified certificated educators regarding conditions necessary to maintain the optimum learning atmosphere.

(2) Any student who creates a disruption of the educational process in violation of the building disciplinary standards while under a teacher's immediate supervision may be excluded by the teacher from his or her individual classroom and instructional or activity area for all or any portion of the balance of the school day, or up to the following two days, or until the principal or designee and teacher have conferred, whichever occurs first. Except in emergency circumstances, the teacher first must attempt one or more alternative forms of corrective action. In no event without the consent of the teacher may an excluded student return to the class during the balance of that class or activity period or up to the following two days, or until the principal or his or her designee and the teacher have conferred.

(3) In order to preserve a beneficial learning environment for all students and to maintain good order and discipline in each classroom, every school district board of directors shall provide that written procedures are developed for administering discipline at each school within the district. Such procedures shall be developed with the participation of parents and the community, and shall provide that the teacher, principal or designee, and other authorities designated by the board of directors, make every reasonable attempt to involve the parent or guardian and the student in the resolution of student discipline problems. Such procedures shall provide that students may be excluded from their individual classes or activities for periods of time in excess of that provided in subsection (2) of this section if such students have repeatedly disrupted the learning of other students. The procedures must be consistent with the rules of the superintendent of public instruction and must provide for early involvement of parents in attempts to improve the student's behavior.

(4) The procedures shall assure, pursuant to RCW 28A.400.110, that all staff work cooperatively toward consistent enforcement of proper student behavior throughout each school as well as within each classroom.

(5)(a) A principal shall consider imposing long-term suspension or expulsion as a sanction when deciding the appropriate disciplinary action for a student who, after July 27, 1997:

(i) Engages in two or more violations within a three-year period of RCW 9A.46.120, (~~28A.320.135,~~) 28A.600.455,

28A.600.460, 28A.635.020, 28A.600.020, 28A.635.060, or 9.41.280(~~(or 28A.320.140)~~); or

(ii) Engages in one or more of the offenses listed in RCW 13.04.155.

(b) The principal shall communicate the disciplinary action taken by the principal to the school personnel who referred the student to the principal for disciplinary action.

(6) Any corrective action involving a suspension or expulsion from school for more than ten days must have an end date of not more than ~~((one calendar year))~~ the length of an academic term, as defined by the school board, from the time of corrective action. Districts shall make reasonable efforts to assist students and parents in returning to an educational setting prior to and no later than the end date of the corrective action. Where warranted based on public health or safety, a school may petition the superintendent of the school district, pursuant to policies and procedures adopted by the office of the superintendent of public instruction, for authorization to exceed the ~~((one calendar year))~~ academic term limitation provided in this subsection. The superintendent of public instruction shall adopt rules outlining the limited circumstances in which a school may petition to exceed the ~~((one calendar year))~~ academic term limitation, including safeguards to ensure that the school district has made every effort to plan for the student's return to school. School districts shall report to the office of the superintendent of public instruction the number of petitions made to the school board and the number of petitions granted on an annual basis.

(7) Nothing in this section prevents a public school district, educational service district, the Washington state center for childhood deafness and hearing loss, or the state school for the blind if it has suspended or expelled a student from the student's regular school setting from providing educational services to the student in an alternative setting or modifying the suspension or expulsion on a case-by-case basis. An alternative setting should be comparable, equitable, and appropriate to the regular education services a student would have received without the exclusionary discipline. Example alternative settings include alternative high schools, one-on-one tutoring, and online learning.

Sec. 970. RCW 28A.600.022 and 2013 2nd sp.s. c 18 s 308 are each amended to read as follows:

(1) School districts should make efforts to have suspended or expelled students return to an educational setting as soon as possible. School districts ~~((should))~~ must convene a meeting with the student and the student's parents or guardians within twenty days of the student's long-term suspension or expulsion, but no later than five days before the student's enrollment, to discuss a plan to reengage the student in a school program. Families must have access to, provide meaningful input on, and have the opportunity to participate in a culturally sensitive and culturally responsive reengagement plan.

(2) In developing a reengagement plan, school districts should consider shortening the length of time that the student is suspended or expelled, other forms of corrective action, and supportive interventions that aid in the student's academic success and keep the student engaged and on track to graduate. School districts must create a reengagement plan tailored to the student's individual circumstances, including consideration of the incident that led to the student's long-term suspension or expulsion. The plan should aid the student in taking the necessary steps to remedy the situation that led to the student's suspension or expulsion.

(3) Any reengagement meetings conducted by the school district involving the suspended or expelled student and his or her parents or guardians are not intended to replace a petition for readmission.

Sec. 971. RCW 43.41.400 and 2012 c 229 s 585 are each amended to read as follows:

(1) An education data center shall be established in the office of financial management. Based on the analysis, the education data center shall submit, if necessary, a recommendation to the legislature regarding any statutory changes or resources that would be needed to collect or improve the data;

(e) Monitor and evaluate the education data collection systems of the organizations and agencies represented in the education data center ensuring that data systems are flexible, able to adapt to evolving needs for information, and to the extent feasible and necessary, include data that are needed to conduct the analyses and provide answers to the research and policy questions identified in (a) of this subsection;

(1) A K-12 data governance group shall be established within the office of the superintendent of public instruction to assist in the design and implementation of a K-12 education data improvement system for financial, student, and educator data. It is the intent that the data system reporting specifically serve requirements for teachers, parents, superintendents, school boards, the office of the superintendent of public instruction, the legislature, and the public.

(2) The K-12 data governance group shall include representatives of the education data center, the office of the superintendent of public instruction, the legislative evaluation and accountability program committee, the professional educator standards board, the state board of education, and school district staff, including information technology staff. Additional entities with expertise in education data may be included in the K-12 data governance group.

(3) The K-12 data governance group shall:

(a) Identify the critical research and policy questions that need to be addressed by the K-12 education data improvement system;

(b) Identify reports and other information that should be made available on the internet in addition to the reports identified in subsection (5) of this section;

(c) Create a comprehensive needs requirement document detailing the specific information and technical capacity needed by school districts and the state to meet the legislature's expectations for a comprehensive K-12 education data improvement system as described under RCW 28A.655.210;

(d) Conduct a gap analysis of current and planned information compared to the needs requirement document, including an analysis of the strengths and limitations of an education data system and programs currently used by school districts and the state, and specifically the gap analysis must look at the extent to which the existing data can be transformed into canonical form and where existing software can be used to meet the needs requirement document;

(e) Focus on financial and cost data necessary to support the new K-12 financial models and funding formulas, including any necessary changes to school district budgeting and accounting, and on assuring the capacity to link data across financial, student, and educator systems; and

(f) Define the operating rules and governance structure for K-12 data collections, ensuring that data systems are flexible and able to adapt to evolving needs for information, within an objective and orderly data governance process for determining when changes are needed and how to implement them. Strong

consideration must be made to the current practice and cost of migration to new requirements. The operating rules should delineate the coordination, delegation, and escalation authority for data collection issues, business rules, and performance goals for each K-12 data collection system, including:

- (i) Defining and maintaining standards for privacy and confidentiality;
- (ii) Setting data collection priorities;
- (iii) Defining and updating a standard data dictionary;
- (iv) Ensuring data compliance with the data dictionary;
- (v) Ensuring data accuracy; and

(vi) Establishing minimum standards for school, student, financial, and teacher data systems. Data elements may be specified "to the extent feasible" or "to the extent available" to collect more and better data sets from districts with more flexible software. Nothing in RCW 43.41.400, this section, or RCW 28A.655.210 should be construed to require that a data dictionary or reporting should be hobbled to the lowest common set. The work of the K-12 data governance group must specify which data are desirable. Districts that can meet these requirements shall report the desirable data. Funding from the legislature must establish which subset data are absolutely required.

(4)(a) The K-12 data governance group shall provide updates on its work as requested by the education data center and the legislative evaluation and accountability program committee.

(b) The work of the K-12 data governance group shall be periodically reviewed and monitored by the educational data center and the legislative evaluation and accountability program committee.

(5) To the extent data is available, the office of the superintendent of public instruction shall make the following minimum reports available on the internet. The reports must either be run on demand against current data, or, if a static report, must have been run against the most recent data:

(a) The percentage of data compliance and data accuracy by school district;

(b) The magnitude of spending per student, by student estimated by the following algorithm and reported as the detailed summation of the following components:

(i) An approximate, prorated fraction of each teacher or human resource element that directly serves the student. Each human resource element must be listed or accessible through online tunneling in the report;

(ii) An approximate, prorated fraction of classroom or building costs used by the student;

(iii) An approximate, prorated fraction of transportation costs used by the student; and

(iv) An approximate, prorated fraction of all other resources within the district. District-wide components should be disaggregated to the extent that it is sensible and economical;

(c) The cost of K-12 basic education, per student, by student, by school district, estimated by the algorithm in (b) of this subsection, and reported in the same manner as required in (b) of this subsection;

(d) The cost of K-12 special education services per student, by student receiving those services, by school district, estimated by the algorithm in (b) of this subsection, and reported in the same manner as required in (b) of this subsection;

(e) Improvement on the statewide assessments computed as both a percentage change and absolute change on a scale score metric by district, by school, and by teacher that can also be filtered by a student's length of full-time enrollment within the school district;

(f) Number of K-12 students per classroom teacher on a per teacher basis;

(g) Number of K-12 classroom teachers per student on a per student basis;

(h) Percentage of a classroom teacher per student on a per student basis; ~~((and))~~

(i) Percentage of classroom teachers per school district and per school disaggregated as described in RCW 28A.300.042(1) for student-level data;

(j) Average length of service of classroom teachers per school district and per school disaggregated as described in RCW 28A.300.042(1) for student-level data; and

(k) The cost of K-12 education per student by school district sorted by federal, state, and local dollars.

(6) The superintendent of public instruction shall submit a preliminary report to the legislature by November 15, 2009, including the analyses by the K-12 data governance group under subsection (3) of this section and preliminary options for addressing identified gaps. A final report, including a proposed phase-in plan and preliminary cost estimates for implementation of a comprehensive data improvement system for financial, student, and educator data shall be submitted to the legislature by September 1, 2010.

(7) All reports and data referenced in this section and RCW 43.41.400 and 28A.655.210 shall be made available in a manner consistent with the technical requirements of the legislative evaluation and accountability program committee and the education data center so that selected data can be provided to the legislature, governor, school districts, and the public.

(8) Reports shall contain data to the extent it is available. All reports must include documentation of which data are not available or are estimated. Reports must not be suppressed because of poor data accuracy or completeness. Reports may be accompanied with documentation to inform the reader of why some data are missing or inaccurate or estimated.

- (a) Supporting a school-based approach to promoting the success of all students by coordinating academic and

nonacademic supports to reduce barriers to academic achievement and educational attainment;

(b) Fulfilling a vision of public education where educators focus on education, students focus on learning, and auxiliary supports enable teaching and learning to occur unimpeded;

(c) Encouraging the creation, expansion, and quality improvement of community-based supports that can be integrated into the academic environment of schools and school districts;

(d) Increasing public awareness of the evidence showing that academic outcomes are a result of both academic and nonacademic factors; and

(e) Supporting statewide and local organizations in their efforts to provide leadership, coordination, technical assistance, professional development, and advocacy to implement high-quality, evidence-based, student-centered, coordinated approaches throughout the state.

NEW SECTION. Sec. 966. (1) The legislature intends to integrate the delivery of various academic and nonacademic programs and services through a single protocol. This coordination and consolidation of assorted services, such as expanded learning opportunities, mental health, medical screening, and access to food and housing, is intended to reduce barriers to academic achievement and educational attainment by weaving together existing public and private resources needed to support student success in school.

(2) The office of the superintendent of public instruction shall create a work group to determine how to best implement the framework described in section 801 of this act throughout the state.

(3) The work group must be composed of the following members, who must reflect the geographic diversity across the state:

(a) The superintendent of public instruction or the superintendent's designee;

(b) Three principals and three superintendents representing districts with diverse characteristics, selected by state associations of principals and superintendents, respectively;

(c) A representative from a statewide organization specializing in out-of-school learning;

(g) A representative from a career and technical student organization.

(4) The superintendent of public instruction shall consult and may contract for services with a national nonpartisan, nonprofit research center that has provided data and analyses to improve policies and programs serving children and youth for over thirty-five years.

(5) The work group must submit to the appropriate committees of the legislature a report recommending policies that need to be adopted or revised to implement the framework described in section 801 of this act throughout the state by October 1, 2016. The work group must submit a preliminary report by October 1, 2015, and a final report by October 1, 2016.

(6) This section expires August 1, 2017.

(a) To make payments to hospitals and managed care plans as specified in this chapter;

(b) To refund erroneous or excessive payments made by hospitals pursuant to this chapter;

(c) For one million dollars per biennium for payment of administrative expenses incurred by the authority in performing the activities authorized by this chapter;

(d) For ~~((one hundred ninety nine million eight hundred thousand))~~ two hundred eighty-three million dollars ~~((in the 2013-2015))~~ per biennium, ~~((phasing down to zero by the end of the 2017-2019 biennium))~~ to be used in lieu of state general fund payments for medicaid hospital services, provided that if the full amount of the payments required under RCW 74.60.120 and 74.60.130 cannot be distributed in a given fiscal year, this amount must be reduced proportionately;

(e) To repay the federal government for any excess payments made to hospitals from the fund if the assessments or payment increases set forth in this chapter are deemed out of compliance with federal statutes and regulations in a final determination by a court of competent jurisdiction with all appeals exhausted. In such a case, the authority may require hospitals receiving excess payments to refund the payments in question to the fund. The state in turn shall return funds to the federal government in the same proportion as the original financing. If a hospital is unable to refund payments, the state shall develop either a payment plan, or deduct moneys from future medicaid payments, or both;

(f) Beginning in state fiscal year 2015, to pay an amount sufficient, when combined with the maximum available amount of federal funds necessary to provide a one percent increase in medicaid hospital inpatient rates to hospitals eligible for quality improvement incentives under RCW 74.09.611.

Sec. 3. RCW 74.60.030 and 2014 c 143 s 1 are each amended to read as follows:

(1)(a) Upon satisfaction of the conditions in RCW 74.60.150(1), and so long as the conditions in RCW 74.60.150(2) have not occurred, an assessment is imposed as set forth in this subsection~~((, effective October 1, 2013)).~~ ~~((Initial assessment notices must be sent to each hospital not earlier than thirty days after satisfaction of the conditions in RCW 74.60.150(1). The initial assessment notice must cover amounts due from October 1, 2013, through either: (A) The end of the calendar quarter prior to the satisfaction of the conditions in RCW 74.60.150(1) if federal approval is received more than forty five days prior to the end of a quarter; or (B) the end of the calendar quarter after the satisfaction of the conditions in RCW 74.60.150(1) if federal approval is received within forty five days of the end of a quarter. For subsequent assessments during fiscal year 2014, the authority shall calculate the amount due annually and shall issue assessments for the appropriate proportion of the annual amount due from each hospital;~~

assessment. Each quarterly assessment shall be no more than one quarter of three hundred ~~((forty-four))~~ forty-five dollars for each annual nonmedicare hospital inpatient day, up to a maximum of fifty-four thousand days per year. For each nonmedicare hospital inpatient day in excess of fifty-four thousand days, each prospective payment system hospital shall pay an assessment of one quarter of seven dollars for each such day;

~~((iii) After the assessments described in (b)(i) of this subsection,))~~ (ii) Each critical access hospital shall pay a quarterly assessment of one quarter of ten dollars for each annual nonmedicare hospital inpatient day;

~~((iv) After the assessments described in (b)(i) of this subsection,))~~ (iii) Each psychiatric hospital shall pay a quarterly assessment of one quarter of ~~((sixty-seven))~~ sixty-eight dollars for each annual nonmedicare hospital inpatient day; and

~~((v) After the assessments described in (b)(i) of this subsection,))~~ (iv) Each rehabilitation hospital shall pay a quarterly assessment of one quarter of ~~((sixty-seven))~~ sixty-eight dollars for each annual nonmedicare hospital inpatient day.

(2) The authority shall determine each hospital's annual nonmedicare hospital inpatient days by summing the total reported nonmedicare hospital inpatient days for each hospital that is not exempt from the assessment under RCW 74.60.040(~~;~~ taken). The authority shall obtain inpatient data from the hospital's 2552 cost report data file or successor data file available through the centers for medicare and medicaid services, as of a date to be determined by the authority. For state fiscal year ~~((2014))~~ 2016, the authority shall use cost report data for hospitals' fiscal years ending in ~~((2010))~~ 2012. For subsequent years, the hospitals' next succeeding fiscal year cost report data must be used.

(a) With the exception of a prospective payment system hospital commencing operations after January 1, 2009, for any hospital without a cost report for the relevant fiscal year, the authority shall work with the affected hospital to identify appropriate supplemental information that may be used to determine annual nonmedicare hospital inpatient days.

(b) A prospective payment system hospital commencing operations after January 1, 2009, must be assessed in accordance with this section after becoming an eligible new prospective payment system hospital as defined in RCW 74.60.010.

Sec. 4. RCW 74.60.050 and 2013 2nd sp.s. c 17 s 5 are each amended to read as follows:

(1) The authority, in cooperation with the office of financial management, shall develop rules for determining the amount to be assessed to individual hospitals, notifying individual hospitals of the assessed amount, and collecting the amounts due. Such rule making shall specifically include provision for:

(a) Transmittal of notices of assessment by the authority to each hospital informing the hospital of its nonmedicare hospital inpatient days and the assessment amount due and payable;

(b) Interest on delinquent assessments at the rate specified in RCW 82.32.050; and

(c) Adjustment of the assessment amounts in accordance with subsection~~((s))~~ (2) ~~((and (3)))~~ of this section.

(2) For state fiscal year ~~((2015))~~ 2016 and each subsequent state fiscal year, the assessment amounts established under RCW 74.60.030 must be adjusted as follows:

(a) If sufficient other funds, including federal funds, are available to make the payments required under this chapter and fund the state portion of the quality incentive payments under RCW 74.09.611 and 74.60.020(4)(f) without utilizing the full assessment under RCW 74.60.030, the authority shall reduce the amount of the assessment to the minimum levels necessary to support those payments;

(b) If the total amount of inpatient or outpatient supplemental payments under RCW 74.60.120 is in excess of the upper payment limit and the entire excess amount cannot be disbursed by additional payments to managed care organizations under RCW 74.60.130, the authority shall proportionately reduce future assessments on prospective payment hospitals to the level necessary to generate additional payments to hospitals that are consistent with the upper payment limit plus the maximum permissible amount of additional payments to managed care organizations under RCW 74.60.130;

(c) If the amount of payments to managed care organizations under RCW 74.60.130 cannot be distributed because of failure to meet federal actuarial soundness or utilization requirements or other federal requirements, the authority shall apply the amount that cannot be distributed to reduce future assessments to the level necessary to generate additional payments to managed care organizations that are consistent with federal actuarial soundness or utilization requirements or other federal requirements;

(d) If required in order to obtain federal matching funds, the maximum number of nonmedicare inpatient days at the higher rate provided under RCW 74.60.030(1)(b)(i) may be adjusted in order to comply with federal requirements;

(e) If the number of nonmedicare inpatient days applied to the rates provided in RCW 74.60.030 will not produce sufficient funds to support the payments required under this chapter and the state portion of the quality incentive payments under RCW 74.09.611 and 74.60.020(4)(f), the assessment rates provided in RCW 74.60.030 may be increased proportionately by category of hospital to amounts no greater than necessary in order to produce the required level of funds needed to make the payments specified in this chapter and the state portion of the quality incentive payments under RCW 74.09.611 and 74.60.020(4)(f); and

(f) Any actual or estimated surplus remaining in the fund at the end of the fiscal year must be applied to reduce the assessment amount for the subsequent fiscal year or that fiscal year and the following year.

(3) ~~((For each fiscal year after June 30, 2015, the assessment amounts established under RCW 74.60.030 must be adjusted as follows:~~

~~((a) In order to support the payments required in this chapter, the assessment amounts must be reduced in approximately equal yearly increments each fiscal year by category of hospital until the assessment amount is zero by July 1, 2019;~~

~~((b) If sufficient other funds, including federal funds, are available to make the payments required under this chapter and fund the state portion of the quality incentive payments under RCW 74.09.611 and 74.60.020(4)(f) without utilizing the full assessment under RCW 74.60.030, the authority shall reduce the amount of the assessment to the minimum levels necessary to support those payments;~~

~~((c) If in any fiscal year the total amount of inpatient or outpatient supplemental payments under RCW 74.60.120 is in excess of the upper payment limit and the entire excess amount cannot be disbursed by additional payments to managed care organizations under RCW 74.60.130, the authority shall proportionately reduce future assessments on prospective payment hospitals to the level necessary to generate additional payments to hospitals that are consistent with the upper payment limit plus the maximum permissible amount of additional payments to managed care organizations under RCW 74.60.130;~~

~~((d) If the amount of payments to managed care organizations under RCW 74.60.130 cannot be distributed because of failure to meet federal actuarial soundness or utilization requirements or other federal requirements, the authority shall apply the amount that cannot be distributed to reduce future assessments to the level~~

necessary to generate additional payments to managed care organizations that are consistent with federal actuarial soundness or utilization requirements or other federal requirements;

(e) If required in order to obtain federal matching funds, the maximum number of nonmedicare inpatient days at the higher rate provided under RCW 74.60.030(1)(b)(i) may be adjusted in order to comply with federal requirements;

(f) If the number of nonmedicare inpatient days applied to the rates provided in RCW 74.60.030 will not produce sufficient funds to support the payments required under this chapter and the state portion of the quality incentive payments under RCW 74.09.611 and 74.60.020(4)(f), the assessment rates provided in RCW 74.60.030 may be increased proportionately by category of hospital to amounts no greater than necessary in order to produce the required level of funds needed to make the payments specified in this chapter and the state portion of the quality incentive payments under RCW 74.09.611 and 74.60.020(4)(f); and

(g) Any actual or estimated surplus remaining in the fund at the end of the fiscal year must be applied to reduce the assessment amount for the subsequent fiscal year.

(4)(a) Any adjustment to the assessment amounts pursuant to this section, and the data supporting such adjustment, including, but not limited to, relevant data listed in (b) of this subsection, must be submitted to the Washington state hospital association for review and comment at least sixty calendar days prior to implementation of such adjusted assessment amounts. Any review and comment provided by the Washington state hospital association does not limit the ability of the Washington state hospital association or its members to challenge an adjustment or other action by the authority that is not made in accordance with this chapter.

(b) The authority shall provide the following data to the Washington state hospital association sixty days before implementing any revised assessment levels, detailed by fiscal year, beginning with fiscal year 2011 and extending to the most recent fiscal year, except in connection with the initial assessment under this chapter:

(i) The fund balance;

(ii) The amount of assessment paid by each hospital;

(iii) The state share, federal share, and total annual medicaid fee-for-service payments for inpatient hospital services made to each hospital under RCW 74.60.120, and the data used to calculate the payments to individual hospitals under that section;

(iv) The state share, federal share, and total annual medicaid fee-for-service payments for outpatient hospital services made to each hospital under RCW 74.60.120, and the data used to calculate annual payments to individual hospitals under that section;

(v) The annual state share, federal share, and total payments made to each hospital under each of the following programs: Grants to certified public expenditure hospitals under RCW 74.60.090, for critical access hospital payments under RCW 74.60.100; and disproportionate share programs under RCW 74.60.110;

(vi) The data used to calculate annual payments to individual hospitals under (b)(v) of this subsection; and

(vii) The amount of payments made to managed care plans under RCW 74.60.130, including the amount representing additional premium tax, and the data used to calculate those payments.

(c) On a monthly basis, the authority shall provide the Washington state hospital association the amount of payments made to managed care plans under RCW 74.60.130, including the amount representing additional premium tax, and the data used to calculate those payments.

Sec. 5. RCW 74.60.090 and 2013 2nd sp.s. c 17 s 8 are each amended to read as follows:

(1) In each fiscal year commencing upon satisfaction of the applicable conditions in RCW 74.60.150(1), funds must be disbursed from the fund and the authority shall make grants to certified public expenditure hospitals, which shall not be considered payments for hospital services, as follows:

(a) University of Washington medical center: ~~((Three million three hundred thousand dollars per state fiscal year in fiscal years 2014 and 2015, and then reduced in approximately equal increments per fiscal year until the grant amount is zero by July 1,))~~ Four million four hundred fifty-five thousand dollars in each state fiscal year 2016 through 2019;

(b) Harborview medical center: ~~((Seven million six hundred thousand dollars per state fiscal year in fiscal years 2014 and 2015, and then reduced in approximately equal increments per fiscal year until the grant amount is zero by July 1,))~~ Ten million two hundred sixty thousand dollars in each state fiscal year 2016 through 2019;

(c) All other certified public expenditure hospitals: ~~((Four million seven hundred thousand dollars per state fiscal year in fiscal years 2014 and 2015, and then reduced in approximately equal increments per fiscal year until the grant amount is zero by July 1,))~~ Six million three hundred forty-five thousand dollars in each state fiscal year 2016 through 2019. The amount of payments to individual hospitals under this subsection must be determined using a methodology that provides each hospital with a proportional allocation of the group's total amount of medicaid and state children's health insurance program payments determined from claims and encounter data using the same general methodology set forth in RCW 74.60.120 (3) and (4).

(2) Payments must be made quarterly, before the end of each quarter, taking the total disbursement amount and dividing by four to calculate the quarterly amount. ~~((The initial payment, which must include all amounts due from and after July 1, 2013, to the date of the initial payment, must be made within thirty days after satisfaction of the conditions in RCW 74.60.150(1,))~~ The authority shall provide a quarterly report of such payments to the Washington state hospital association.

Sec. 6. RCW 74.60.100 and 2013 2nd sp.s. c 17 s 9 are each amended to read as follows:

In each fiscal year commencing upon satisfaction of the conditions in RCW 74.60.150(1), the authority shall make access payments to critical access hospitals that do not qualify for or receive a small rural disproportionate share hospital payment in a given fiscal year in the total amount of ~~((five hundred twenty))~~ seven hundred two thousand dollars from the fund and to critical access hospitals that receive disproportionate share payments in the total amount of one million three hundred thirty-six thousand dollars. The amount of payments to individual hospitals under this section must be determined using a methodology that provides each hospital with a proportional allocation of the group's total amount of medicaid and state children's health insurance program payments determined from claims and encounter data using the same general methodology set forth in RCW 74.60.120 (3) and (4). Payments must be made after the authority determines a hospital's payments under RCW 74.60.110. These payments shall be in addition to any other amount payable with respect to services provided by critical access hospitals and shall not reduce any other payments to critical access hospitals. The authority shall provide a report of such payments to the Washington state hospital association within thirty days after payments are made.

Sec. 7. RCW 74.60.120 and 2014 c 143 s 2 are each amended to read as follows:

EIGHTY FIRST DAY, APRIL 2, 2015

2015 REGULAR SESSION

(1) ~~((Beginning))~~ In each state fiscal year ~~((2014)),~~ commencing ~~((thirty days after))~~ upon satisfaction of the applicable conditions in RCW 74.60.150(1), ~~((and for the period of state fiscal years 2014 through 2019,))~~ the authority shall make supplemental payments directly to Washington hospitals, separately for inpatient and outpatient fee-for-service medicaid services, as follows:

(a) For inpatient fee-for-service payments for prospective payment hospitals other than psychiatric or rehabilitation hospitals, ~~twenty-nine million ((two hundred twenty five thousand))~~ one hundred sixty-two thousand five hundred dollars per state fiscal year ~~((in fiscal years 2014 and 2015, and then amounts reduced in equal increments per fiscal year until the supplemental payment amount is zero by July 1, 2019, from the fund,))~~ plus federal matching funds;

(b) For outpatient fee-for-service payments for prospective payment hospitals other than psychiatric or rehabilitation hospitals, thirty million dollars per state fiscal year ~~((in fiscal years 2014 and 2015, and then amounts reduced in equal increments per fiscal year until the supplemental payment amount is zero by July 1, 2019, from the fund,))~~ plus federal matching funds;

(c) For inpatient fee-for-service payments for psychiatric hospitals, ~~((six hundred twenty five thousand))~~ eight hundred seventy-five thousand dollars per state fiscal year ~~((in fiscal years 2014 and 2015, and then amounts reduced in equal increments per fiscal year until the supplemental payment amount is zero by July 1, 2019, from the fund,))~~ plus federal matching funds;

(d) For inpatient fee-for-service payments for rehabilitation hospitals, ~~((one hundred fifty thousand))~~ two hundred twenty-five thousand dollars per state fiscal year ~~((in fiscal years 2014 and 2015, and then amounts reduced in equal increments per fiscal year until the supplemental payment amount is zero by July 1, 2019, from the fund,))~~ plus federal matching funds;

(e) For inpatient fee-for-service payments for border hospitals, two hundred fifty thousand dollars per state fiscal year ~~((in fiscal years 2014 and 2015, and then amounts reduced in equal increments per fiscal year until the supplemental payment amount is zero by July 1, 2019, from the fund,))~~ plus federal matching funds; and

(f) For outpatient fee-for-service payments for border hospitals, two hundred fifty thousand dollars per state fiscal year ~~((in fiscal years 2014 and 2015, and then amounts reduced in equal increments per fiscal year until the supplemental payment amount is zero by July 1, 2019, from the fund,))~~ plus federal matching funds.

(2) If the amount of inpatient or outpatient payments under subsection (1) of this section, when combined with federal matching funds, exceeds the upper payment limit, payments to each category of hospital must be reduced proportionately to a level where the total payment amount is consistent with the upper payment limit. Funds under this chapter unable to be paid to hospitals under this section because of the upper payment limit must be paid to managed care organizations under RCW 74.60.130, subject to the limitations in this chapter.

(3) The amount of such fee-for-service inpatient payments to individual hospitals within each of the categories identified in subsection (1)(a), (c), (d), and (e) of this section must be determined by:

(a) Applying the medicaid fee-for-service rates in effect on July 1, 2009, without regard to the increases required by chapter 30, Laws of 2010 1st sp. sess. to each hospital's inpatient fee-for-services claims and medicaid managed care encounter data for the base year;

(b) Applying the medicaid fee-for-service rates in effect on July 1, 2009, without regard to the increases required by chapter 30, Laws of 2010 1st sp. sess. to all hospitals' inpatient fee-for-services claims and medicaid managed care encounter data for the base year; and

(c) Using the amounts calculated under (a) and (b) of this subsection to determine an individual hospital's percentage of the total amount to be distributed to each category of hospital.

(4) The amount of such fee-for-service outpatient payments to individual hospitals within each of the categories identified in subsection (1)(b) and (f) of this section must be determined by:

(a) Applying the medicaid fee-for-service rates in effect on July 1, 2009, without regard to the increases required by chapter 30, Laws of 2010 1st sp. sess. to each hospital's outpatient fee-for-services claims and medicaid managed care encounter data for the base year;

(b) Applying the medicaid fee-for-service rates in effect on July 1, 2009, without regard to the increases required by chapter 30, Laws of 2010 1st sp. sess. to all hospitals' outpatient fee-for-services claims and medicaid managed care encounter data for the base year; and

(c) Using the amounts calculated under (a) and (b) of this subsection to determine an individual hospital's percentage of the total amount to be distributed to each category of hospital.

(5) ~~((Thirty days before the initial payments and))~~ Sixty days before the first payment in each subsequent fiscal year, the authority shall provide each hospital and the Washington state hospital association with an explanation of how the amounts due to each hospital under this section were calculated.

(6) Payments must be made in quarterly installments on or about the last day of every quarter. ~~((The initial payment must be made within thirty days after satisfaction of the conditions in RCW 74.60.150(1) and must include all amounts due from July 1, 2013, to either: (a) The end of the calendar quarter prior to when the conditions in RCW 70.60.150(1) M:\Documents\SenateJournal\2015-Journal\Journal2015\LegDay081\74.60.150(1).doc M:\Document s\SenateJournal\2015-Journal\Journal2015\LegDay081\74.60.150(1).doc was not found M:\Documents\SenateJournal\2015-Journal\Journal2015\LegDay081\74.60.150(1).doc was not found are satisfied if approval is received more than forty five days prior to the end of a quarter; or (b) the end of the calendar quarter after the satisfaction of the conditions in RCW 74.60.150(1) if approval is received within forty five days of the end of a quarter.))~~

(7) A prospective payment system hospital commencing operations after January 1, 2009, is eligible to receive payments in accordance with this section after becoming an eligible new prospective payment system hospital as defined in RCW 74.60.010.

(8) Payments under this section are supplemental to all other payments and do not reduce any other payments to hospitals.

Sec. 8. RCW 74.60.130 and 2014 c 143 s 3 are each amended to read as follows:

(1) For state fiscal year ~~((2014))~~ 2016 and for each subsequent fiscal year, commencing within thirty days after satisfaction of the conditions in RCW 74.60.150(1) and subsection ~~((6))~~ (5) of this section, ~~((and for the period of state fiscal years 2014 through 2019,))~~ the authority shall increase capitation payments in a manner consistent with federal contracting requirements to managed care organizations by an amount at least equal to the amount available from the fund after deducting disbursements authorized by RCW 74.60.020(4) (c) through (f) and payments required by RCW 74.60.080 through 74.60.120. The capitation

payment under this subsection must be no less than one hundred ~~((fifty three))~~ million ~~((one hundred thirty one thousand six hundred))~~ dollars per state fiscal year ~~((in fiscal years 2014 and 2015, and then the increased capitation payment amounts are reduced in equal increments per fiscal year until the increased capitation payment amount is zero by July 1, 2019.))~~ plus the maximum available amount of federal matching funds. The initial payment following satisfaction of the conditions in RCW 74.60.150(1) must include all amounts due from July 1, ~~((2013))~~ 2015, to the end of the calendar month during which the conditions in RCW 74.60.150(1) are satisfied. Subsequent payments shall be made monthly.

~~((2))~~ ~~((In fiscal years 2015, 2016, and 2017, the authority shall use any additional federal matching funds for the increased managed care capitation payments under subsection (1) of this section available from medicaid expansion under the federal patient protection and affordable care act to substitute for assessment funds which otherwise would have been used to pay managed care plans under this section.~~

~~((3))~~ Payments to individual managed care organizations shall be determined by the authority based on each organization's or network's enrollment relative to the anticipated total enrollment in each program for the fiscal year in question, the anticipated utilization of hospital services by an organization's or network's medicaid enrollees, and such other factors as are reasonable and appropriate to ensure that purposes of this chapter are met.

~~((4))~~ (3) If the federal government determines that total payments to managed care organizations under this section exceed what is permitted under applicable medicaid laws and regulations, payments must be reduced to levels that meet such requirements, and the balance remaining must be applied as provided in RCW 74.60.050. Further, in the event a managed care organization is legally obligated to repay amounts distributed to hospitals under this section to the state or federal government, a managed care organization may recoup the amount it is obligated to repay under the medicaid program from individual hospitals by not more than the amount of overpayment each hospital received from that managed care organization.

~~((5))~~ (4) Payments under this section do not reduce the amounts that otherwise would be paid to managed care organizations: PROVIDED, That such payments are consistent with actuarial soundness certification and enrollment.

~~((6))~~ (5) Before making such payments, the authority shall require medicaid managed care organizations to comply with the following requirements:

(a) All payments to managed care organizations under this chapter must be expended for hospital services provided by Washington hospitals, which for purposes of this section includes psychiatric and rehabilitation hospitals, in a manner consistent with the purposes and provisions of this chapter, and must be equal to all increased capitation payments under this section received by the organization or network, consistent with actuarial certification and enrollment, less an allowance for any estimated premium taxes the organization is required to pay under Title 48 RCW associated with the payments under this chapter;

(b) Managed care organizations shall expend the increased capitation payments under this section in a manner consistent with the purposes of this chapter, with the initial expenditures to hospitals to be made within thirty days of receipt of payment from the authority. Subsequent expenditures by the managed care plans are to be made before the end of the quarter in which funds are received from the authority;

(c) Providing that any delegation or attempted delegation of an organization's or network's obligations under agreements with

the authority do not relieve the organization or network of its obligations under this section and related contract provisions.

~~((7))~~ (6) No hospital or managed care organizations may use the payments under this section to gain advantage in negotiations.

~~((8))~~ (7) No hospital has a claim or cause of action against a managed care organization for monetary compensation based on the amount of payments under subsection ~~((6))~~ (5) of this section.

~~((9))~~ (8) If funds cannot be used to pay for services in accordance with this chapter the managed care organization or network must return the funds to the authority which shall return them to the hospital safety net assessment fund.

Sec. 9. RCW 74.60.150 and 2013 2nd sp.s. c 17 s 15 are each amended to read as follows:

(1) The assessment, collection, and disbursement of funds under this chapter shall be conditional upon:

(a) Final approval by the centers for medicare and medicaid services of any state plan amendments or waiver requests that are necessary in order to implement the applicable sections of this chapter including, if necessary, waiver of the broad-based or uniformity requirements as specified under section 1903(w)(3)(E) of the federal social security act and 42 C.F.R. 433.68(e);

(b) Funds generated by the assessment for payments to prospective payment hospitals or managed care organizations are determined to be not eligible for federal match;

(c) Other funding sufficient to maintain aggregate payment levels to hospitals for inpatient and outpatient services covered by medicaid, including fee-for-service and managed care, at least at the levels the state paid for those services on July 1, ~~((2009))~~ 2015, as adjusted for current enrollment and utilization ~~((, but without regard to payment increases resulting from chapter 30, Laws of 2010 1st sp. sess.,))~~ is not appropriated or available;

(d) Payments required by this chapter are reduced, except as specifically authorized in this chapter, or payments are not made in substantial compliance with the time frames set forth in this chapter; or

(e) The fund is used as a substitute for or to supplant other funds, except as authorized by RCW 74.60.020.

Sec. 10. RCW 74.60.160 and 2013 2nd sp.s. c 17 s 17 are each amended to read as follows:

(1) The legislature intends to provide the hospitals with an opportunity to contract with the authority each fiscal biennium to protect the hospitals from future legislative action during the biennium that could result in hospitals receiving less from supplemental payments, increased managed care payments, disproportionate share hospital payments, or access payments than the hospitals expected to receive in return for the assessment based on the biennial appropriations and assessment legislation.

(2) Each odd-numbered year after enactment of the biennial omnibus operating appropriations act, the authority shall offer to enter into a contract or to extend an existing contract for the

(vi) Except as specified in this chapter, use assessment revenues for any other purpose than to secure federal medicaid matching funds to support payments to hospitals for medicaid services; and

(b) As long as payment levels are maintained as required under this chapter, the hospital must agree not to challenge the authority's reduction of hospital reimbursement rates to July 1, 2009, levels, which results from the elimination of assessment supported rate restorations and increases, under 42 U.S.C. Sec. 1396a(a)(30)(a) either through administrative appeals or in court during the period of the contract.

(3) If a court finds that the authority has breached an agreement with a hospital under subsection (2)(a) of this section, the authority:

PARLIAMENTARY INQUIRY

Senator Frockt: "Mr. President, if the point of inquiry is not timely at this time I would renew it when becomes timely. The question is, Mr. President, the provisions of the bill are repealing the majority of Initiative 1351 that reduced class size initiative passed by the voters last November. The point of inquiry is, how many votes are necessary to pass the bill once the amendment process has taken place?"

REPLY BY THE PRESIDENT

President Owen: "Senator Frockt, your point of order is a little premature. It would be taken up on final passage if you're asking for the number of votes necessary to pass the bill."

Senator Hobbs spoke in favor of adoption of the amendment.

Senators Braun and Hargrove spoke against adoption of the amendment.

WITHDRAWAL OF AMENDMENT

On motion of Senator Hobbs, the amendment by Senators Hobbs and Hargrove on page 11, line 31 to Substitute Senate Bill No. 6088 was withdrawn.

POINT OF ORDER

Senator Liias: "Mr. President. Under Concurrent Resolution 8400 which establishes cut-off dates, the last day to consider Senate Bills was March 11. There's specific lists of exemptions to this rule for budgets, matters to implement a budget, initiatives to the Legislature, alternatives to initiatives to the Legislature or bills related to revenue. Senate Bill No. 6088 has nothing to do with revenue and it is not an initiative to the Legislature or an alternative to an initiative to the Legislature. Senate Bill No. 6088 would effectively repeal initiative 1351 which established lower class sizes and a basic ed funding requirement for this biennium. However, in order to avoid a two-thirds vote requirement, the bill contains a referendum clause so the legislature is not actually repealing this initiative under the bill the legislature would be asking the people to repeal the class size initiative ..."

REMARKS BY THE PRESIDENT

President Owen: "Senator Liias, you're making a point ... You're actually making an argument. Your point of order is what?"

POINT OF ORDER

Senator Liias: "My point of order is, I'm sorry Mr. President, it's late so I'm relying on my notes. My point of order

is that it does not comply with our senate cut-off resolution and the bill is not properly before us because it is not one of those listed exceptions."

RULING BY THE PRESIDENT

President Owen: "Senator Liias, in order to try to keep things moving, the President is going to do a ruling without taking the time to write this out so bear with me."

"The President believes that without this bill there would be a major hole in the budget therefore it is necessary in order to implement this budget albeit delayed but it is necessary. Should it not pass then you would be back here to write a different budget. Therefore it is necessary to implement the budget [and Substitute Senate Bill No. 6088 is properly before the senate]."

MOTION

Senator Braun moved that the rules be suspended that Substitute Senate Bill No. 6088 be advanced to third reading, the second reading considered the third and the bill be placed on final passage.

The motion by Senator Braun, that the rules be suspended and that Substitute Senate Bill No. 6088 be advanced to third reading and be placed on final passage, having failed to receive the necessary two-thirds vote to suspend the rules, did not carry by a rising vote.

MOTION

On motion of Senator Fain, further consideration of Substitute Senate Bill No. 6088 was deferred and the bill held its place on the day's calendar.

SECOND READING

SECOND SUBSTITUTE SENATE BILL NO. 5105, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

Senator McAuliffe: "Thank you Mr. President. It is 3:15 in the morning. For what purpose do I rise? I rise because I object to the process before us of bringing bills out at 3:15 in the morning and I will tell you the people's business should not be done at 3:15 in the morning. That's the first reason."

REMARKS BY THE PRESIDENT

President Owen: "Senator McAuliffe, for what purpose do you rise?"

PERSONAL PRIVILEGE

Senator McAuliffe: "What do I have to say? ... Point of Personal Privilege. Thank you. Point of personal privilege is it's 3:15 in the morning and we are doing the people's business in the dark and that's not appropriate and secondly we have staff here that need to go home. This is not respectful to this institution and it's not respectful for the people that are waiting to go home this evening. So I ask and request that you save this very important bills for the next day."

PERSONAL PRIVILEGE

Senator Ranker: "I appreciate the sentiments of the previous speaker. I would say that both sides of this chamber have contributed to us being here this evening and we have definitely helped on our side to the hour at which we are working and I think it's important that we continue the body's business at the time we are."

SECOND READING

HOUSE BILL NO. 1652, by Representatives Cody and Harris

Concerning medicaid managed health care system payments for health care services provided by nonparticipating providers.

The measure was read the second time.

MOTION

Senator Dammeier moved that the following committee striking amendment by the Committee on Health Care be adopted:

Strike everything after the enacting clause and insert the following:

"Sec. 5. RCW 74.09.522 and 2014 c 225 s 55 are each amended to read as follows:

(1) For the purposes of this section:

(a) "Managed health care system" means any health care organization, including health care providers, insurers, health care service contractors, health maintenance organizations, health insuring organizations, or any combination thereof, that provides directly or by contract health care services covered under this

chapter and rendered by licensed providers, on a prepaid capitated basis and that meets the requirements of section 1903(m)(1)(A) of Title XIX of the federal social security act or federal demonstration waivers granted under section 1115(a) of Title XI of the federal social security act;

(b) "Nonparticipating provider" means a person, health care provider, practitioner, facility, or entity, acting within their scope of practice, that does not have a written contract to participate in a managed health care system's provider network, but provides health care services to enrollees of programs authorized under this chapter whose health care services are provided by the managed health care system.

(2) The authority shall enter into agreements with managed health care systems to provide health care services to recipients of temporary assistance for needy families under the following conditions:

(a) Agreements shall be made for at least thirty thousand recipients statewide;

(b) Agreements in at least one county shall include enrollment of all recipients of temporary assistance for needy families;

(c) To the extent that this provision is consistent with section 1903(m) of Title XIX of the federal social security act or federal demonstration waivers granted under section 1115(a) of Title XI of the federal social security act, recipients shall have a choice of systems in which to enroll and shall have the right to terminate their enrollment in a system: PROVIDED, That the authority may limit recipient termination of enrollment without cause to the first month of a period of enrollment, which period shall not exceed twelve months: AND PROVIDED FURTHER, That the authority shall not restrict a recipient's right to terminate enrollment in a system for good cause as established by the authority by rule;

(d) To the extent that this provision is consistent with section 1903(m) of Title XIX of the federal social security act, participating managed health care systems shall not enroll a disproportionate number of medical assistance recipients within the total numbers of persons served by the managed health care systems, except as authorized by the authority under federal demonstration waivers granted under section 1115(a) of Title XI of the federal social security act;

(e)(i) In negotiating with managed health care systems the authority shall adopt a uniform procedure to enter into contractual arrangements, to be included in contracts issued or renewed on or after January 1, 2015, including:

(A) Standards regarding the quality of services to be provided;

(B) The financial integrity of the responding system;

(C) Provider reimbursement methods that incentivize chronic care management within health homes, including comprehensive medication management services for patients with multiple chronic conditions consistent with the findings and goals established in RCW 74.09.5223;

(D) Provider reimbursement methods that reward health homes that, by using chronic care management, reduce emergency department and inpatient use;

(E) Promoting provider participation in the program of training and technical assistance regarding care of people with chronic conditions described in RCW 43.70.533, including allocation of funds to support provider participation in the training, unless the managed care system is an integrated health delivery system that has programs in place for chronic care management;

(F) Provider reimbursement methods within the medical billing processes that incentivize pharmacists or other qualified providers licensed in Washington state to provide comprehensive

medication management services consistent with the findings and goals established in RCW 74.09.5223;

(G) Evaluation and reporting on the impact of comprehensive medication management services on patient clinical outcomes and total health care costs, including reductions in emergency department utilization, hospitalization, and drug costs; and

(H) Established consistent processes to incentivize integration of behavioral health services in the primary care setting, promoting care that is integrated, collaborative, collocated, and preventive.

(ii)(A) Health home services contracted for under this subsection may be prioritized to enrollees with complex, high cost, or multiple chronic conditions.

(B) Contracts that include the items in (e)(i)(C) through (G) of this subsection must not exceed the rates that would be paid in the absence of these provisions;

(f) The authority shall seek waivers from federal requirements as necessary to implement this chapter;

(g) The authority shall, wherever possible, enter into prepaid capitation contracts that include inpatient care. However, if this is not possible or feasible, the authority may enter into prepaid capitation contracts that do not include inpatient care;

(h) The authority shall define those circumstances under which a managed health care system is responsible for out-of-plan services and assure that recipients shall not be charged for such services;

(i) Nothing in this section prevents the authority from entering into similar agreements for other groups of people eligible to receive services under this chapter; and

(j) The authority must consult with the federal center for medicare and medicaid innovation and seek funding opportunities to support health homes.

(3) The authority shall ensure that publicly supported community health centers and providers in rural areas, who show serious intent and apparent capability to participate as managed health care systems are seriously considered as contractors. The authority shall coordinate its managed care activities with activities under chapter 70.47 RCW.

(4) The authority shall work jointly with the state of Oregon and other states in this geographical region in order to develop recommendations to be presented to the appropriate federal agencies and the United States congress for improving health care of the poor, while controlling related costs.

(5) The legislature finds that competition in the managed health care marketplace is enhanced, in the long term, by the existence of a large number of managed health care system options for medicaid clients. In a managed care delivery system, whose goal is to focus on prevention, primary care, and improved enrollee health status, continuity in care relationships is of substantial importance, and disruption to clients and health care providers should be minimized. To help ensure these goals are met, the following principles shall guide the authority in its health options managed health care purchasing efforts:

(a) All managed health care systems should have an opportunity to contract with the authority to the extent that minimum contracting requirements defined by the authority are met, at payment rates that enable the authority to operate as far below appropriated spending levels as possible, consistent with the principles established in this section.

(b) Managed health care systems should compete for the award of contracts and assignment of medicaid beneficiaries who do not voluntarily select a contracting system, based upon:

(i) Demonstrated commitment to or experience in serving low-income populations;

(ii) Quality of services provided to enrollees;

(iii) Accessibility, including appropriate utilization, of services offered to enrollees;

(iv) Demonstrated capability to perform contracted services, including ability to supply an adequate provider network;

(v) Payment rates; and

(vi) The ability to meet other specifically defined contract requirements established by the authority, including consideration of past and current performance and participation in other state or federal health programs as a contractor.

(c) Consideration should be given to using multiple year contracting periods.

(d) Quality, accessibility, and demonstrated commitment to serving low-income populations shall be given significant weight in the contracting, evaluation, and assignment process.

(e) All contractors that are regulated health carriers must meet state minimum net worth requirements as defined in applicable state laws. The authority shall adopt rules establishing the minimum net worth requirements for contractors that are not regulated health carriers. This subsection does not limit the authority of the Washington state health care authority to take action under a contract upon finding that a contractor's financial status seriously jeopardizes the contractor's ability to meet its contract obligations.

(f) Procedures for resolution of disputes between the authority and contract bidders or the authority and contracting carriers related to the award of, or failure to award, a managed care contract must be clearly set out in the procurement document.

(6) The authority may apply the principles set forth in subsection (5) of this section to its managed health care purchasing efforts on behalf of clients receiving supplemental security income benefits to the extent appropriate.

(7) By April 1, 2016, any contract with a managed health care system to provide services to medical assistance enrollees shall require that managed health care systems offer contracts to behavioral health organizations, mental health providers, or chemical dependency treatment providers to provide access to primary care services integrated into behavioral health clinical settings, for individuals with behavioral health and medical comorbidities.

(8) Managed health care system contracts effective on or after April 1, 2016, shall serve geographic areas that correspond to the regional service areas established in RCW 43.20A.893.

(9) A managed health care system shall pay a nonparticipating provider that provides a service covered under this chapter to the system's enrollee no more than the lowest amount paid for that service under the managed health care system's contracts with similar providers in the state if the managed health care system has made good faith efforts to contract with the nonparticipating provider.

(10) For services covered under this chapter to medical assistance or medical care services enrollees and provided on or after August 24, 2011, nonparticipating providers must accept as payment in full the amount paid by the managed health care system under subsection ((7)) (9) of this section in addition to any deductible, coinsurance, or copayment that is due from the enrollee for the service provided. An enrollee is not liable to any nonparticipating provider for covered services, except for amounts due for any deductible, coinsurance, or copayment under the terms and conditions set forth in the managed health care system contract to provide services under this section.

(11) Pursuant to federal managed care access standards, 42 C.F.R. Sec. 438, managed health care systems must maintain a network of appropriate providers that is supported by written

agreements sufficient to provide adequate access to all services covered under the contract with the authority, including hospital-based physician services. The authority will monitor and periodically report on the proportion of services provided by contracted providers and nonparticipating providers, by county, for each managed health care system to ensure that managed health care systems are meeting network adequacy requirements. No later than January 1st of each year, the authority will review and report its findings to the appropriate policy and fiscal committees of the legislature for the preceding state fiscal year.

(12) Payments under RCW 74.60.130 are exempt from this section.

(13) Subsections (9) through (11) of this section expire July 1, ~~((2016))~~ 2021."

For the purpose of reviewing any application for a license and for considering the denial, suspension, revocation, or renewal or denial thereof, of any license, the state liquor control board may consider any prior criminal conduct of the applicant including an administrative violation history record with the state liquor control board and a criminal history record information check. The state liquor control board may submit the criminal history record information check to the Washington state patrol and to the identification division of the federal bureau of investigation in order that these agencies may search their records for prior arrests and convictions of the individual or individuals who filled out the forms. The state liquor control board shall require fingerprinting of any applicant whose criminal history record information check is submitted to the federal bureau of investigation. The provisions of RCW 9.95.240 and of chapter 9.96A RCW shall not apply to these cases. Subject to the provisions of this section, the state liquor control board may, in its discretion, grant or deny the renewal or license applied for. Denial may be based on, without limitation, the existence of chronic illegal activity documented in objections submitted pursuant to subsections (7)(c) and (9) of this section. Authority to approve an uncontested or unopposed license may be granted by the state liquor control board to any staff member the board designates in writing. Conditions for

(c) The state liquor control board may request the appointment of administrative law judges under chapter 34.12 RCW who shall have power to administer oaths, issue subpoenas for the attendance of witnesses and the production of papers, books, accounts, documents, and testimony, examine witnesses, and to receive testimony in any inquiry, investigation, hearing, or proceeding in any part of the state, under rules and regulations the state liquor control board may adopt.

(3) Upon receipt of notice of the suspension or cancellation of a license, the licensee shall forthwith deliver up the license to the state liquor control board. Where the license has been suspended only, the state liquor control board shall return the license to the licensee at the expiration or termination of the period of suspension. The state liquor control board shall notify all other licensees in the county where the subject licensee has its premises of the suspension or cancellation of the license; and no other licensee or employee of another licensee may allow or cause any marijuana, useable marijuana, or marijuana-infused products to be delivered to or for any person at the premises of the subject licensee.

~~deposited in the health benefit exchange account in the current calendar year are insufficient to fund exchange operations in the following calendar year at the level.)~~ Beginning in calendar year 2016 the assessment may not exceed three and one-half percent of plan premium and may not generate greater income than authorized by the legislature ((for that purpose)) in the omnibus appropriations act.

(c) If the exchange is charging an assessment, the exchange shall display the amount of the assessment per member per month for enrollees. A health benefit plan or stand-alone dental plan may identify the amount of the assessment to enrollees, but must not bill the enrollee for the amount of the assessment separately from the premium.

(2) The board, in collaboration with the issuers, the health care authority, and the commissioner, must establish a fair and transparent process for calculating the assessment amount. The process must meet the following requirements:

(a) The assessment only applies to issuers that offer coverage in the exchange and only for those market segments offered and must be based on the number of enrollees in qualified health plans and stand-alone dental plans in the exchange for a calendar year;

(b) The assessment must be established on a flat dollar and cents amount per member per month, and the assessment for dental plans must be proportional to the premiums paid for stand-alone dental plans in the exchange;

(c) Issuers must be notified of the assessment amount by the exchange on a timely basis;

(d) An appropriate assessment reconciliation process must be established by the exchange that is administratively efficient;

(e) Issuers must remit the assessment due to the exchange in quarterly installments after receiving notification from the exchange of the due dates of the quarterly installments;

(f) A procedure must be established to allow issuers subject to assessments under this section to have grievances reviewed by an impartial body and reported to the board; and

(g) A procedure for enforcement must be established if an issuer fails to remit its assessment amount to the exchange within ten business days of the quarterly installment due date.

(3) The exchange shall deposit proceeds from the assessments in the health benefit exchange account under RCW 43.71.060.

(4) The assessment described in this section shall be considered a special purpose obligation or assessment in connection with coverage described in this section for the purpose of funding the operations of the exchange, and may not be applied by issuers to vary premium rates at the plan level.

(5) The exchange shall monitor enrollment and provide periodic reports which must be available on its web site.

(6) The board shall offer all qualified health plans through the exchange, and the exchange shall not add criteria for certification of qualified health plans beyond those set out in RCW 43.71.065 without specific statutory direction. Nothing shall be construed to limit duties, obligations, and authority otherwise legislatively delegated or granted to the exchange.

(7) The exchange shall report to the joint select committee on health care oversight on a quarterly basis with an update on budget expenses and operations.

(8) By July 1, 2016, the state auditor shall conduct a performance review of the cost of exchange operations and shall make recommendations to the board and the health care committees of the legislature addressing improvements in cost performance and adoption of best practices. The auditor shall further evaluate the potential cost and customer service benefits through regionalization with other states of some exchange

operation functions or through a partnership with the federal government. The cost of the state auditor review must be borne by the exchange.

NEW SECTION. Sec. 5. A new section is added to chapter 43.71 RCW to read as follows:

As part of eligibility verification responsibilities, the exchange shall verify that a person seeking to enroll in a qualified health plan or qualified dental plan during a special enrollment period has experienced a qualifying event as established by the office of the insurance commissioner and shall require reasonable proof or documentation of the qualifying event.

(1) As used in this section, "taxpayer" means a health maintenance organization as defined in RCW 48.46.020, a health care service contractor as defined in chapter 48.44 RCW, or a self-funded multiple employer welfare arrangement as defined in RCW 48.125.010.

(2) Each taxpayer must pay a tax on or before the first day of March of each year to the state treasurer through the insurance commissioner's office. The tax must be equal to the total amount of all premiums and prepayments for health care services collected or received by the taxpayer under RCW 48.14.090 during the preceding calendar year multiplied by the rate of two percent. For tax purposes, the reporting of premiums and prepayments must be on a written basis or on a paid-for basis consistent with the basis required by the annual statement.

(3) Taxpayers must prepay their tax obligations under this section. The minimum amount of the prepayments is the percentages of the taxpayer's tax obligation for the preceding calendar year recomputed using the rate in effect for the current year. For the prepayment of taxes due during the first calendar year, the minimum amount of the prepayments is the percentages of the taxpayer's tax obligation that would have been due had the tax been in effect during the previous calendar year. The tax prepayments must be paid to the state treasurer through the commissioner's office by the due dates and in the following amounts:

(a) On or before June 15, forty-five percent;

(b) On or before September 15, twenty-five percent;

(c) On or before December 15, twenty-five percent.

(4) For good cause demonstrated in writing, the commissioner may approve an amount smaller than the preceding calendar year's tax obligation as recomputed for calculating the health maintenance organization's, health care service contractor's, self-funded multiple employer welfare arrangement's, or certified health plan's prepayment obligations for the current tax year.

(5)(a) Except as provided in (b) of this subsection, moneys collected under this section are deposited in the general fund.

(b) Beginning January 1, 2014, and ending December 31, 2015, moneys collected from taxpayers for premiums written on qualified health benefit plans and stand-alone dental plans offered through the health benefit exchange under chapter 43.71 RCW must be deposited in the health benefit exchange account under RCW 43.71.060.

(6) The taxes imposed in this section do not apply to:

(a) Amounts received by any taxpayer from the United States or any instrumentality thereof as prepayments for health care services provided under Title XVIII (medicare) of the federal social security act.

(b) Amounts received by any taxpayer from the state of Washington as prepayments for health care services provided under:

(i) The medical care services program as provided in RCW 74.09.035; or

(ii) The Washington basic health plan on behalf of subsidized enrollees as provided in chapter 70.47 RCW.

(c) Amounts received by any health care service contractor as defined in chapter 48.44 RCW, or any health maintenance organization as defined in chapter 48.46 RCW, as prepayments for health care services included within the definition of practice of dentistry under RCW 18.32.020, except amounts received for pediatric oral services that qualify as coverage for the minimum essential coverage requirement under P.L. 111-148 (2010), as amended.

(d) Participant contributions to self-funded multiple employer welfare arrangements that are not taxable in this state.

(7) Beginning January 1, 2000, the state preempts the field of imposing excise or privilege taxes upon taxpayers and no county, city, town, or other municipal subdivision has the right to impose any such taxes upon such taxpayers. This subsection is limited to premiums and payments for health benefit plans offered by health care service contractors under chapter 48.44 RCW, health maintenance organizations under chapter 48.46 RCW, and self-funded multiple employer welfare arrangements as defined in RCW 48.125.010. The preemption authorized by this subsection must not impair the ability of a county, city, town, or other municipal subdivision to impose excise or privilege taxes upon the health care services directly delivered by the employees of a health maintenance organization under chapter 48.46 RCW.

(8)(a) The taxes imposed by this section apply to a self-funded multiple employer welfare arrangement only in the event that they are not preempted by the employee retirement income security act of 1974, as amended, 29 U.S.C. Sec. 1001 et seq. The arrangements and the commissioner must initially request an advisory opinion from the United States department of labor or obtain a declaratory ruling from a federal court on the legality of imposing state premium taxes on these arrangements. Once the legality of the taxes has been determined, the multiple employer welfare arrangement certified by the insurance commissioner must begin payment of these taxes.

(b) If there has not been a final determination of the legality of these taxes, then beginning on the earlier of (i) the date the fourth multiple employer welfare arrangement has been certified by the insurance commissioner, or (ii) April 1, 2006, the arrangement must deposit the taxes imposed by this section into an interest bearing escrow account maintained by the arrangement. Upon a final determination that the taxes are not preempted by the employee retirement income security act of 1974, as amended, 29 U.S.C. Sec. 1001 et seq., all funds in the interest bearing escrow account must be transferred to the state treasurer.

(9) The effect of transferring contracts for health care services from one taxpayer to another taxpayer is to transfer the tax prepayment obligation with respect to the contracts.

(10) On or before June 1st of each year, the commissioner must notify each taxpayer required to make prepayments in that year of the amount of each prepayment and must provide remittance forms to be used by the taxpayer. However, a taxpayer's responsibility to make prepayments is not affected by failure of the commissioner to send, or the taxpayer to receive, the notice or forms.

Sec. 7. RCW 48.14.020 and 2013 2nd sp.s. c 6 s 6 are each amended to read as follows:

(1) Subject to other provisions of this chapter, each authorized insurer except title insurers shall on or before the first day of March of each year pay to the state treasurer through the commissioner's office a tax on premiums. Except as provided in subsection (3) of this section, such tax shall be in the amount of

two percent of all premiums, excluding amounts returned to or the amount of reductions in premiums allowed to holders of industrial life policies for payment of premiums directly to an office of the insurer, collected or received by the insurer under RCW 48.14.090 during the preceding calendar year other than ocean marine and foreign trade insurances, after deducting premiums paid to policyholders as returned premiums, upon risks or property resident, situated, or to be performed in this state. For tax purposes, the reporting of premiums shall be on a written basis or on a paid-for basis consistent with the basis required by the annual statement. For the purposes of this section the consideration received by an insurer for the granting of an annuity shall not be deemed to be a premium.

(2)(a) The taxes imposed in this section do not apply to amounts received by any life and disability insurer for health care services included within the definition of practice of dentistry under RCW 18.32.020 except amounts received for pediatric oral services that qualify as coverage for the minimum essential coverage requirement under P.L. 111-148 (2010), as amended.

(b) Beginning January 1, 2014, and ending December 31, 2015, moneys collected for premiums written on qualified health benefit plans and stand-alone dental plans offered through the health benefit exchange under chapter 43.71 RCW must be deposited in the health benefit exchange account under RCW 43.71.060.

(3) In the case of insurers which require the payment by their policyholders at the inception of their policies of the entire premium thereon in the form of premiums or premium deposits which are the same in amount, based on the character of the risks, regardless of the length of term for which such policies are written, such tax shall be in the amount of two percent of the gross amount of such premiums and premium deposits upon policies on risks resident, located, or to be performed in this state, in force as of the thirty-first day of December next preceding, less the unused or unabsorbed portion of such premiums and premium deposits computed at the average rate thereof actually paid or credited to policyholders or applied in part payment of any renewal premiums or premium deposits on one-year policies expiring during such year.

(4) Each authorized insurer shall with respect to all ocean marine and foreign trade insurance contracts written within this state during the preceding calendar year, on or before the first day of March of each year pay to the state treasurer through the commissioner's office a tax of ninety-five one-hundredths of one percent on its gross underwriting profit. Such gross underwriting profit shall be ascertained by deducting from the net premiums (i.e., gross premiums less all return premiums and premiums for reinsurance) on such ocean marine and foreign trade insurance contracts the net losses paid (i.e., gross losses paid less salvage and recoveries on reinsurance ceded) during such calendar year under such contracts. In the case of insurers issuing participating contracts, such gross underwriting profit shall not include, for computation of the tax prescribed by this subsection, the amounts refunded, or paid as participation dividends, by such insurers to the holders of such contracts.

(5) The state does hereby preempt the field of imposing excise or privilege taxes upon insurers or their appointed insurance producers, other than title insurers, and no county, city, town or other municipal subdivision shall have the right to impose any such taxes upon such insurers or these insurance producers.

(6) If an authorized insurer collects or receives any such premiums on account of policies in force in this state which were originally issued by another insurer and which other insurer is not authorized to transact insurance in this state on its own account,

EIGHTY FIRST DAY, APRIL 2, 2015

2015 REGULAR SESSION

such collecting insurer shall be liable for and shall pay the tax on such premiums.

Sec. 8. RCW 48.41.090 and 2013 2nd sp.s. c 6 s 7 are each amended to read as follows:

(1) Following the close of each accounting year, the pool administrator shall determine the total net cost of pool operation which shall include:

(a) Net premium (premiums less administrative expense allowances), the pool expenses of administration, and incurred losses for the year, taking into account investment income and other appropriate gains and losses; and

(b) The amount of pool contributions specified in the state omnibus appropriations act for deposit into the health benefit exchange account under RCW 43.71.060, to assist with the transition of enrollees from the pool into the health benefit exchange created by chapter 43.71 RCW. For the period from July 1, 2015, through December 31, 2015, the pool administrator shall deposit seven million five hundred thousand dollars of pool contributions into the health benefit exchange account.

(2)(a) Each member's proportion of participation in the pool shall be determined annually by the board based on annual statements and other reports deemed necessary by the board and filed by the member with the commissioner; and shall be determined by multiplying the total cost of pool operation by a fraction. The numerator of the fraction equals that member's total number of resident insured persons, including spouse and dependents, covered under all health plans in the state by that member during the preceding calendar year. The denominator of the fraction equals the total number of resident insured persons, including spouses and dependents, covered under all health plans in the state by all pool members during the preceding calendar year.

(b) For purposes of calculating the numerator and the denominator under (a) of this subsection:

(i) All health plans in the state by the state health care authority include only the uniform medical plan;

(ii) Each ten resident insured persons, including spouse and dependents, under a stop loss plan or the uniform medical plan shall count as one resident insured person;

(iii) Health plans serving medical care services program clients under RCW 74.09.035 are exempted from the calculation; and

(iv) Health plans established to serve elderly clients or medicaid clients with disabilities under chapter 74.09 RCW when the plan has been implemented on a demonstration or pilot project basis are exempted from the calculation until July 1, 2009.

(c) Except as provided in RCW 48.41.037, any deficit incurred by the pool, including pool contributions for deposit into the health benefit exchange account, shall be recouped by assessments among members apportioned under this subsection pursuant to the formula set forth by the board among members. The monthly per member assessment may not exceed the 2013 assessment level. If the maximum assessment is insufficient to cover a pool deficit the assessment shall be used first to pay all incurred losses and pool administrative expenses, with the remainder being available for deposit in the health benefit exchange account.

(3) The board may abate or defer, in whole or in part, the assessment of a member if, in the opinion of the board, payment of the assessment would endanger the ability of the member to fulfill its contractual obligations. If an assessment against a member is abated or deferred in whole or in part, the amount by which such assessment is abated or deferred may be assessed against the other members in a manner consistent with the basis for assessments set forth in subsection (2) of this section. The

member receiving such abatement or deferment shall remain liable to the pool for the deficiency.

(4) Subject to the limitation imposed in subsection (2)(c) of this section, the pool administrator shall transfer the assessments for pool contributions for the operation of the health benefit exchange to the treasurer for deposit into the health benefit exchange account with the quarterly assessments for ~~((2014))~~ 2015 and 2016 as specified in this section or in the state omnibus appropriations act. If assessments exceed actual losses and administrative expenses of the pool and pool contributions for deposit into the health benefit exchange account, the excess shall be held at interest and used by the board to offset future losses or to reduce pool premiums. As used in this subsection, "future losses" includes reserves for incurred but not reported claims.

NEW SECTION. **Sec. 9.** This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately."
